## ABANDONED AUTOMOBILE

Driven by Man Who Met  
the Murdered Girl Found  
in Potos Park—Evidence  
of a Violent Struggle  
With the Assailant.

(Associated Press Telegram)  
Chicago, Oct. 7.—With the finding of an abandoned automobile in Potos Park the police today redoubled their energies in the search for the mysterious Wilson whose promise of a position drew Miss Ida G. Leegson, an art student, to the prairie near a clearing where she was garroted early Sunday after a struggle. The automobile was stolen before 3 o'clock Saturday afternoon from Jackson Park. It was shortly before this hour that "Wilson" telephoned the residence where Miss Leegson roomed. The call was in response to an advertisement for work which read: "Practical nurse—maternity cases preferred."

Miss Leegson was told to take a street car to Seventy-first street and Western avenue and to walk west. The street address she was given does not exist. The police have ascertained that Miss Leegson was met by a man in a black automobile when she alighted from the Western avenue car. The tonneau of the automobile recovered in Potos Park, west of the scene of the murder indicated that there had been a violent struggle.

Coroner's Physician Jacob Spring is of the opinion that Miss Leegson was tortured by the man from 6 o'clock Saturday night until 4 or 5 o'clock Sunday morning.

A study of Miss Leegson's case indicates that there was not a hint of impropriety and she seemed devoted to art.

OHIO ASSOCIATION  
OF SUNDAY SCHOOLS  
OPENS CONVENTION

(Associated Press Telegram)  
Lima, O., Oct. 7.—With an approximate attendance of 3000 visitors representing all sections of the state the Ohio Association of Sunday schools was formally opened here this morning. W. A. Eudaty of Middletown, president of the association, made the opening address. The Boys' Congress, an auxiliary of the association is also in session and business sessions of that organization will be held tomorrow and Thursday.

The address by Dr. M. B. McNutt was a principal feature of the program of the Sunday school convention this morning.

Dr. McNutt said:

"The country is full of weak rural churches which seem to have very little life. The membership has fallen off, the attendance dwindled to nearly nothing, and there is scant financial support. The old settlers in these communities, what is left of them, will tell you that these churches were well supported at one time and well attended. But the old standbys have died or moved away, new people have come who are not interested in religion. And so the church has gone down."

"Now the life of the church ought not to depend upon any individual or set of individuals. There is just one indispensable person, Jesus, the Lord and Savior. The excuse for the existence of the church at all is based upon the human needs. If the church, therefore, is doing its real work in a community it ought to be full of life and it ought to bear fruit."

"Let the rural church, in practical ways, identify itself with the common every day life of the people, with their home life, their community life, with their institutions, with their work and their play. Let it give a living message on the moral issues of our time, throwing the light of the truth upon the present day needs and conditions and upon the present evils. Let the rural church seek to minister rather than to be ministered unto."

"County people have left the farms in great number. In a large

percentage of cases it is the farmer's wife that takes the family to town or city. While the farmer has all kinds of machinery to lighten his work his wife has very few devices in the house for making her labor easier or for saving her strength. Her life is often a drudge. Many farmers' wives are still pumping water by hand and lugging it around in buckets. Christianity has not done all for a farmer's wife that it can do when it gives peace to her soul and then sends her to bed with the backache from pumping water by hand and lugging it about in buckets when it might easily be drawn from pipes."

"We have, somehow, failed to connect religion and the church with these practical human interests, which so vitally concern our daily lives. Now if we would enlarge our conception of Christian work, so as to include everything we do and let the church concern itself with the whole of life, spending its life freely for the common good it would find its life, the more abundant life which Jesus brought to the world."

Other speakers on today's program included Dr. Frank L. Palmer, of Winona Lake, Ind.; Mrs. Mary Foster Bryner, of Chicago; Dr. M. B. McNutt of New York; Edna Cole of Barnesville; Dr. Franklin Meek of Chicago and Dr. E. W. Thornton of Cincinnati.

RYAN TESTIFIES  
SULZER HEARING  
ALBANY TODAY

(Associated Press Telegram)  
Albany, N. Y., Oct. 7.—The court of impeachment after an executive session lasting an hour, voted to retain in the record the testimony of Allan A. Ryan regarding Governor Sulzer's alleged attempt to bring pressure to bear on Republican senators to vote that his impeachment was illegal.

Allan A. Ryan testified that Governor Sulzer requested him to ask DeLancey Nicoll to see Charles F. Murphy in an effort to have the impeachment proceedings stopped.

Fire Prevention Day  
In Newark October 9  
Clean Up Your Premises

The greater part of the annual fire waste in the United States amounting to nearly \$250,000,000 a year, is due to carelessness. Much of this is personal, for which property owners are directly responsible, and much is municipal, through the toleration by the authorities of dangerously inflammable construction, laxity in the enforcement of building ordinances and the regulation of explosives and inflammables, failure to insist upon rubbish being cleaned up, etc. The average citizen should have impressed upon him his personal responsibility for his share of the preventable fire waste of the country, which is draining the national wealth. Every man can at least see that paper, old boxes and rubbish are not allowed to accumulate

J. H. NEWTON  
CONFIRMED  
BY SENATE

(Special to the Advocate)

Washington, Oct. 7.—The appointment of Joseph H. Newton as postmaster of Newark, Ohio, was confirmed in executive session of the senate this afternoon. Mr. Newton succeeds Geo. D. Heisey, resigned a short time ago. The appointment of Mr. Newton by the president was made on recommendation of Congressman Wm. A. Ashbrook.

LARGE BARN  
BURNS ON THE  
GROVE FARM

A large barn on the farm of Joseph Grove, residing five miles southwest of this city burned to the ground last evening, destroying a great deal of hay, grain and many farming implements. The live stock was saved. Mr. Grove estimates his loss at fully \$1000 with only \$1800 insurance. It is believed the fire was caused by spontaneous combustion.

INCREASE IN  
VALUATION OF  
TWO MILLIONS  
500 HOMELESS

An increase of at least \$2,000,000 in Licking county personal property valuations for 1913 over the preceding year is anticipated, according to the estimate of County Auditor C. L. Riley, Tuesday. The 1913 total personal valuation in Newark has been found to be \$27,940,055, while several corporations are yet to be reported by the state tax commission, which will make a considerable difference.

Last year's total personal valuations in Newark amounted to \$25,757,235.

Townships have not yet been totaled for this year, but Auditor Riley believes the total county valuation will reach \$85,000,000 this year as against \$82,000,000 last year.

40,000 Spectators Watch  
the Opening Game of the  
Great World's SeriesSUFFRAGETTES  
ARE PLANNING  
NEW CAMPAIGN

(Associated Press Telegram)  
Washington, Oct. 7.—Suffragettes propose to again lay siege to congress in an effort to have it pass favorably on the proposed constitutional amendment for universal suffrage. This was disclosed today when leaders at National suffrage headquarters here announced they had arranged to concentrate on the New Jersey and Delaware delegations in the senate and house. The plan is part of a general campaign to swing doubtful states into line.

The descent on the two state delegations in congress is to be preceded by big parades next month in Newark, N. J., and Wilmington, Del. Following the mass meetings that will succeed the processions, a delegation from each city will be sent here to labor with the national legislators. The suffragist leaders hope for success.

The national headquarters is working vigorously to win more state legislatures over to their cause. A sharp crusade is being conducted in Virginia and a number of other southern and western states.

ARGUMENTS  
BEFORE COURT  
ON REFERENDUM

(Associated Press Telegram)  
Columbus, Oct. 7.—While Attorney General Hogan contended that the secretary of state has power to investigate signatures to initiative and referendum petitions and decide their validity as an administrative officer, attorneys for the Ohio Equity Association of Cleveland denied the right of the secretary of state to do more than examine the form of the petitions and count the signatures, in argument before the Supreme court today whether the court will receive the motion to mandamus Secretary of State Graves to place the Barnes and Kilpatrick bills on the ballot for referendum entered a week ago by the Equity Association probably will be decided within a week. W. H. Miller, of Columbus and W. C. Boyle of Cleveland, appeared as attorneys for the Equity Association.

Attorney General Hogan held the view that since the secretary of state is authorized by the constitutional amendment to receive the present referendum petitions to the people the function of proving the validity of signatures and genuineness of petitions belongs to the secretary of state by intention of those who wrote the amendment.

The Equity Association attorneys contended the secretary of state exercised a judicial function in even investigating genuineness of signatures.

## 500 HOMELESS

(Associated Press Telegram)  
Nome, Alaska, Oct. 7.—The storm is abating. Three unidentified bodies have been washed ashore. Five hundred persons are homeless. Help from outside will be necessary. The steamship Victoria, Navajo and Corwin are safe at anchor seven miles out.

## COUNSEL FOR S. P. DEAD.

(Associated Press Telegram)

PHILADELPHIA ..... 0 0 0 3 2 0 0 1 0—6 11 1  
NEW YORK ..... 0 0 1 0 3 0 0 0 0—4 11 0  
Batteries—Marquard, Crandle, Tesreau and Myers; Bender and Schang.

(Associated Press Telegram)  
Polo Grounds, Oct. 7.—The Philadelphia Athletics overcame the New York Nationals by a score of six to four in the first game of the world series here today. Forty thousand people saw the battle in which heavy hitting featured the contest.

New York used three pitchers in the box to stop the Athletics' batsmen. Bender was not hard and outside of the fifth inning managed to keep the Giants' bats scattered. Baker was again a hero at the bat, driving out three hits, one of which was a terrific home run drive into the stand which scored Collins ahead of him.

The only fielding misplay was a wide throw by Barry.

The teams will meet at Shibe Park tomorrow, weather permitting. The official box score:

HOW THE FIRST  
GAME WAS WON

## First Inning.

Philadelphia—Marquard sent over a high one and Murphy hit the first ball pitched and was out. Marquard shot a strike over on Oldring. Oldring singled to right on the second ball between Doyle and Merkle. Marquard tried to catch Oldring at first but could not quite get him. The New York pitcher used plenty of speed and kept the ball around the Athletics' knees. Oldring was caught off first by a quick throw from Marquard to Merkle. Collins singled sharply to center after having two strikes called on him. The crowd gave "Home Run" Baker a big cheer when he came to bat. Baker flung out to Burns. No runs, two hits, no errors.

New York—Bender grinned as Shaffer came to bat and shot a wide curve which was close to Shaffer's knees. It was a ball. The next one was a strike. Bender had good speed which was difficult to follow in the dark day. Shaffer fled to Murphy. Doyle out on a high fly to Strunk.

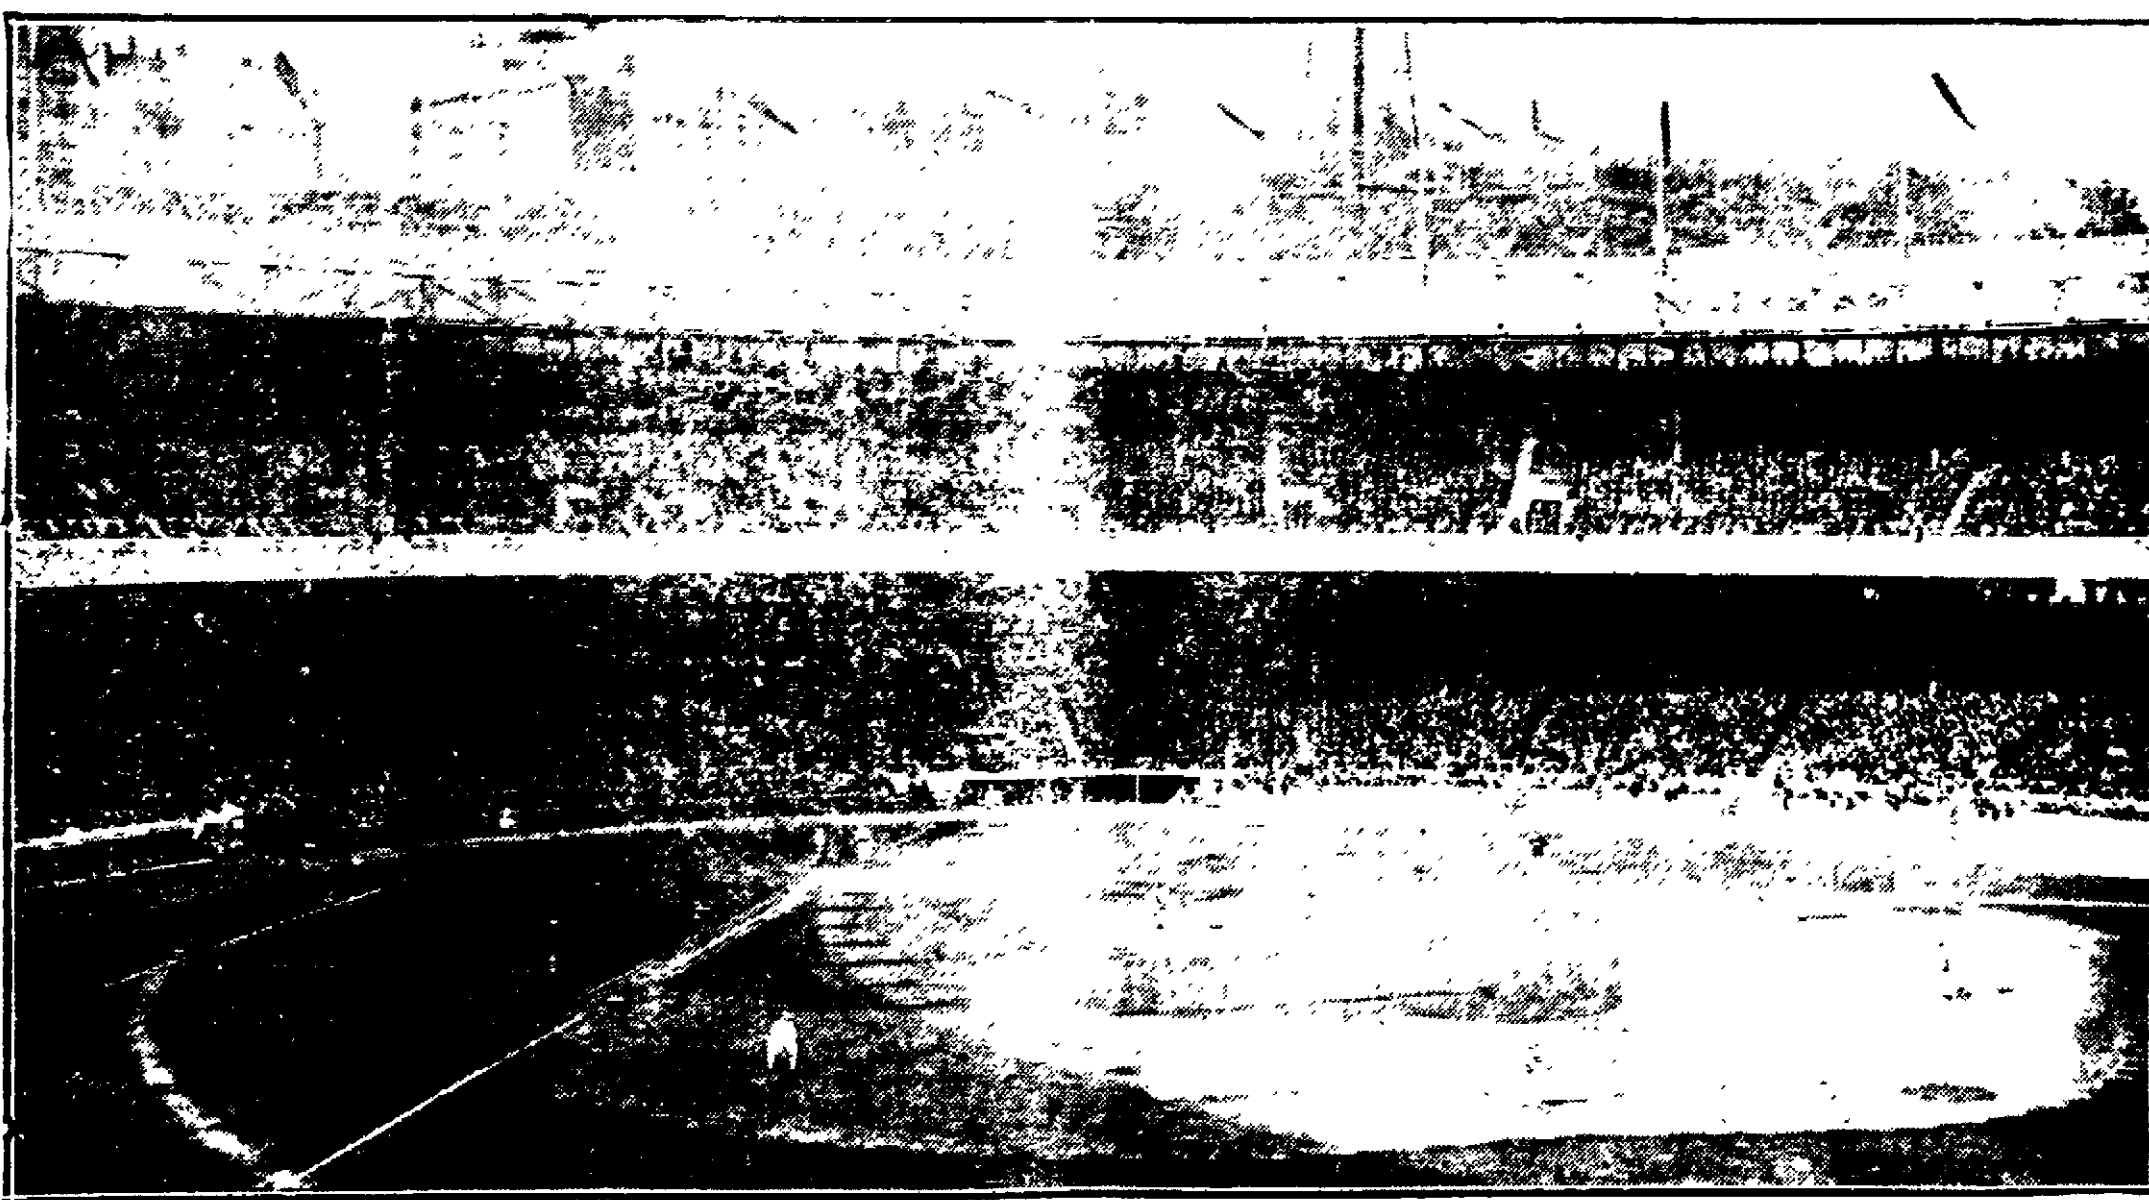

Fletcher got a single by Barry for New York's first hit. Fletcher out stealing. Schang to Collins. Fletcher was caught off at least ten feet. No runs, one hit, no errors.

## Second Inning.

Philadelphia—McInnis out. Herzog to Merkle. Strunk fanned, being unable to solve Marquard's puzzling shoots. Barry out, Fletcher to Merkle. No runs, no hits, no errors.

New York—Bender employed a wide outshoot and a high fast one. Burns fanned after having three balls and one strike called. Bender shot over two curves on Burns for strikes, sending the New York batsman back to the bench. Herzog out on a grounder to McInnis who retired. (Continued on Page 2, Col. 1.)

### ATHLETICS

(Continued from Page 1.)  
tired the runner at the base. Murray singled to left and would have taken second but O'Driscoll's quick fielding and throw drove him back to first. Meyers tied to O'Driscoll. No runs, one hit, no errors.

**Third Inning.**  
Philadelphia.—Schantz out on a high one to Burns. The crowd gave the Indian Bender a big hand when he came to the plate. The chief went out. Fletcher to Merkle. Fletcher made a poor throw but Merkle speared the ball. Murphy got a Texas leaguer to center, which Shaffer could not get near. Murphy was forced at second when Fletcher took O'Driscoll's grounder and touched second base. No runs, one hit, no errors.

New York.—Merkle sent up a high foul near the right field stand but neither Melnis nor Murphy could get near it. Merkle got an infield hit which Barry could not field in time to catch the runner. Marquard singled Collins to Melnis. With one out and a man on second, the New York crowd sent up constant cheering. Shaffer out on a fly to Strunk. Merkle scored on Doyle's single to right. The crowd was in a frenzy. Fletcher tied to Murphy. One run, two hits, no errors.

**Fourth Inning.**  
Philadelphia.—Collins sent a long drive to the center field fence, for three bases. It was the first ball pitched. With Baker at the bat the Philadelphia fans cheered to the echo. Baker fouled off the first ball. Collins scored on Baker's infield hit which Doyle was barely able to knock down with his clover hand. Melnis sacrificed. Marquard to Merkle. Baker was out at third when Marquard speared Strunk's grounder and threw to Herzog. Barry doubled down the left field line sending Strunk to third. Strunk and Barry scored on Schanz's three base hit. It looked to many as if Shaffer misjudged the ball. He leaped into the air while running backwards but the ball went through his fingers clear to the center field fence. Marquard threw out Bender. Three runs, four hits, no errors.

New York.—Burns doubled along the left field line. Herzog sent a ball toward third base which was fanned by only a few inches. Burns was caught out on the line when Bender took Herzog's grounder and tossed to Baker who threw to Collins who returned the ball to Baker for the putout. Herzog went to second on the play. Murray was a strike out victim, going out on three

straight strikes. Meyers fled out to O'Driscoll. No runs, one hit, no errors.

**Fifth Inning.**  
Philadelphia.—Murphy went out batting. Marquard to Merkle. Marquard took O'Driscoll's grounder and threw the batter out at first. Marquard became unsteady and gave three balls to Collins before pitching a strike. Collins walked. Collins stole second. Meyers' throw being slightly wide of the bag and the runner having taken a good lead on Marquard. Collins and Baker scored on Baker's home run drive into the right field stand. It was a longer drive than Baker made when he made his famous home run two years ago on the Polo grounds and tied the score. Pandemonium broke loose when the ball fell in the deep right field stand and the Athletic players themselves patted Baker on the back. Bats were thrown into the air. Melnis fled to Fletcher. Two runs, one hit, no errors.

New York.—Merkle sent a hot liner over second for a single. McCormick batted for Marquard. McCormick singled to center. Merkle being held at second. Shaffer went out Collins to Melnis. Merkle going to third, and McCormick to second. Merkle scored when Barry took Doyle's grounder and threw wild to first. McCormick went to third. McCormick scored on Fletcher's single which bounced off Bender's leg into right field. Doyle took third on the play. Doyle scored when Baker took Burns' grounder and threw out Fletcher at second. Collins took the throw. Herzog fled out to Collins. Three runs, three hits, one error.

**Sixth Inning.**  
Philadelphia.—Crandall went into the box for New York. Strunk fled to Shaffer. After having two strikes on Barry, Crandall gave the batter three balls. Barry out on a long fly to Shaffer. It was very dark and difficult for the batters to follow the course of the ball. Schanz out on a fly to Burns. No runs, no hits, no errors.

New York.—Murray out Collins to Melnis. Meyers out when Bender took the chief's roller and threw him out at first. Merkle fanned. No runs, no hits, no errors.

**Seventh Inning.**  
Philadelphia.—Bender fanned. Murphy out. Doyle to Merkle. Crandall's six roundhouse curves seemed to worry the Athletic batters. O'Driscoll out on a hard liner to Shaffer. No runs, no hits, no errors.

killed the Giants' chance for scoring. Barry took Fletcher's grounder and tossed to Collins forcing Doyle. Collins then threw out Fletcher at first. No runs, two hits, no errors.

**Eighth Inning.**  
Philadelphia.—Collins beat out a bunt, neither Crandall nor Merkle reaching the ball before Collins had slid into the bag. It was Collins' third hit. Baker singled to left. Collins going to third. Collins scored on Melnis' double to left. Baker was held at third. The Athletics cannonading was too much for Crandall and Jeff Tesreau went into the box. Strunk fanned on three pitched balls. Baker was caught at the plate on an attempted delayed steal. On the play Meyers to Doyle to Meyers. Melnis took third. Barry out on a pop fly to Doyle. One run, three hits, no errors.

New York.—Burns out. Baker to Melnis. Herzog out. Collins to Melnis. Murray scratched an infield single. Meyers fled out to Strunk. No runs, one hit, no errors.

**Ninth Inning.**  
Philadelphia.—Herzog threw out Schanz. Bender out. Tesreau to Merkle. Murphy walked. It was now raining quite hard. Murphy out, stealing. Meyers to Doyle. No runs, no hits, no errors.

New York.—Merkle out. Barry to Melnis. McLean batting for Tesreau. McLean out on a pop fly to Barry. Shaffer fanned. No runs, no hits, no errors.

**Tenth Inning.**  
Polo Grounds, N. Y., Oct. 7.—Some 40,000 persons filled the broad reaches of the big Brush stadium this afternoon to witness the New York Giants, pennant winners of the National League, do battle with the Philadelphia Athletics, leaders of the American league, in the first game of the world's series. A record breaking attendance was indicated for the turnstiles were still clicking merrily at noon, and all manner of conveyances were bringing their hundreds to the playing field. Over back of the Athletics dugout were several hundred Philadelphia enthusiasts. Burly clouds from which there came an occasional slantless drizzle-screened sun and there was a constant threat of heavy weather. The Giants and Athletics came early to the clubhouse which lies behind the bleachers. "Chief" Bender was first in uniform. The Indian's delight is a big crowd. There was a rousing cheer as the Athletics' pitching star popped his head out of the little doorway under the center-field stand. Bender grinned at the crowd, then disappeared. Shortly after the contending clubs

trotted on the field, and then came the batting practice. What a shout there was when long after long hit was driven by the giant batters to the far corners of the field. Of course, the hits were made off straight pitching but seemed to presage heavy hitting by the home club and the crowd was bawling. The Giants wore their home uniforms of white with white and purple stockings. The Athletics were garbed in their regular traveling uniforms of blue and white stockings with black and red. The photographing and a fine day. They photographed the players in every playing position and posture. Before the game began an automobile was presented to Jake Daubert, first baseman of the Brooklyn club, as being the most valuable player to a club of any player in the National League. During batting practice, Weycott pitched for the Athletics and Fromme for the Giants. The umpires called the field shortly before 2 o'clock and there was a discussion of ground rules in which Manager McGraw of the Giants and Captain Murphy of the Athletics participated. Marquard and V. were announced as batters for New York. Bender and S. were announced as the batters for Philadelphia.

### "RUBBER" PLAY'D ON POLO GROUND THIS AFTERNOON

(Associated Press Telegram)  
New York, Oct. 7.—The world of baseball centered its attention upon the Polo grounds in this city today, the opening day of the biggest sports event of the year—the world's championship struggle being the New York Giants and the Philadelphia Athletics.

Twice before in the history these teams have met, each the champion in its league, to battle for premier honors. Once, in 1905, the National leaguers triumphed. Once, two years ago, the American league pennant winners were crowned with the laurels. Today the "rubber" was to be played, or its play begun, and each team to make the field determined to win the old and capture the double honor of a world's championship and two series in three from its old-time rival.

Possibly never before in a world's series have the two competitors been apparently so evenly matched, and the outcome so uncertain as in this contest between the men of Connie Mack and John McGraw. The uncertainty was reflected in the practically even betting that ruled as the crowds assembled for the beginning of play. And the keen interest aroused by this very uncertainty was testified to signs that the opening day through given even reasonably fair treatment by the weather man would be one of the largest, if not the largest in the game's history.

Before midnight the crowd began to gather at the Polo grounds. Even though 30,000 seats were ready for all comers at the opening of the gates, more than 1000 indefatigable "fans" had posted themselves at the entrances before 1 o'clock this morning, with the line swelling fast as the night grew old and dawn approached. By 8 o'clock this morning, the hour for the releasing of the barriers which kept the crowd from the stands was on its way to the field by thousands. Elevated trains, the trolleys, the subway, all carried their big quota of the anxious. The thick of the automobile crowd was later in arriving but its advance couriers were early scudding up-town and parking about the big Brush stadium, already brilliant with bunting for the gala event.

The managers of the two teams voice each in confidence in the ultimate outcome. Connie Mack predicted a world's championship for the Athletics before this week's close. After a run of hard-fought games. "The Athletics will be on the winning end," he predicted. Manager McGraw of the Giants was no less sure of a triumph for his men.

"This is our year and the luck will have to break against us to beat us," he declared. Both the contending teams got a long night's rest. The Athletics retired soon after their arrival on a late evening train from Philadelphia. The Giants also turned in early after their final workout on today's battle ground. This morning the rival managers reported all the regulars expected to take part in the opening encounter in fine fettle. The pitching squad received the close attention of each. Mack seemed particularly pleased with the physical condition of "Big Chief" Bender. McGraw gave Mathewson, his standby in years of campaigning and in three previous world's series, a careful looking over and seemed entirely satisfied at the shape in which he found "Big Six."

McGraw, however, admittedly was facing a problem raised by an injury to one of the men he had hoped to work in the big games. Two years it was Mack who had to go into the series without the services of his smart first baseman, "Stuffy" Melnis. This year McGraw found himself on the horns of the first fray with his aggressive centerfielder, Fred Snodgrass, in such shape that no one expected to see him in the line-up of the opening game. If indeed, he is able to play at all in the series. Snodgrass has been troubled with a "Charley horse" for nearly two weeks and yesterday he aggravated his injury in practice. But Snodgrass' out meant Charley Herzog in, not merely when left-handed pitchers were on the slab, but in every game, and the batters of the team who recalled Herzog's star work in the series with the Red Sox last year were confident this morning that the Giants would go into the game presenting as strong a front as though the center fielder was still able to do duty. Shaffer in center field, with Herzog on third (Continued on Page 3, Col. 1.)

# SOAP ON HAIR CAUSES DANDRUFF, SCALP GETS DRY, HAIR FALLS OUT

Girls! Boys! Get a 25 cent bottle and try a "Danderine Hair Cleanser"—Save your hair!

After washing your hair with soap, always apply a little Danderine to the scalp to invigorate the hair and prevent dryness. Better still, use soap as sparingly as possible, and instead have a "Danderine Hair Cleanser." Just moisten a cloth with Danderine and draw it carefully through your hair, taking one strand at a time. This will remove dust, dirt and excess oil. In a few moments you will be amazed, your hair will not only be clean, but it will be wavy, fluffy and

# ATHLETICS

(Continued from Page 2.)

was the likely reassignment discussed as the official announcement of the lineup just before the call of play was awaited. Larry Doyle, the Giants' hustling captain, was booked to take his regular position at second, none the worse, as it now seems, for his recent slight injury in an automobile spill.

The pitching selections probably gave the assembling enthusiasts more concern than any other doubtful feature about the battle line. It seemed practically that Connie Mack would choose Bender to start the fray with Schang, the star young receiver of the White Elephants to catch him. It was almost as certain that Manager McGraw would start on "Matty" with "Chief" Myers, of course, on the receiving end. Mathewson seemed the logical selection for the Giants' leader to make. He is always at his best in a short series of which the outcome means so much in honors and emoluments to him and his fellow players. Then, should he go in today and win, or in losing show that he was still there with the "stuff" enough to pull him through with better breaks, McGraw would be able to give him a couple of days' rest and use him in another game of the series.

Bender likewise appeared the man Mack naturally would pick to pull the Athletics through the first battle and the "tall tatician" whose brains are battling with McGraw's in this series as much as the men of their teams are battling with each other, had not changed overnight his announced decision to pit the Indian against McGraw's best bet in the box for the opener. Bender, even more than "Matty" is a man whom Mack would almost inevitably decide to start early in the series, for remarkable a pitcher as he is he requires a longer rest than perhaps any other of the world series eligibles for the box before he is ready to go in and pitch in his best form again.

After Mathewson for the Giants, comes Marquard, the lanky left-hander, who was a pitching sensation of last year and again is apparently back in his best form. "Jeff" Tesreau, the big spitballer, recently showing evidence of "having everything he ever had" which means top notch abilities as a box man; and then "Steamer Al" Demaree, who has been a steady cool-headed man as pitching ball today. Unless Demaree proves to be too much of a "hot weather" pitcher to do good work in the cool October air, he is looked to by not a few close observers of baseball form to stand as good a chance of proving one of the bright stars of the series. All these men McGraw has at his command, but opinion before the game was that he would put Marquard in if "Matty" failed to warm up as well as expected.

Connie Mack's selection was even larger, but in the opinion of most critics less formidable in the aggregate. Plank, the Gettysburg veteran, has some brilliant world's series performances to his credit and many believe he has another grand game or two up his sleeve to deliver on occasions. The once brilliant Jack Coombs, one of the most loyal, capable and tireless workers Connie ever had, lies ill in Philadelphia but a quartet of capable youngsters has been brought up in the way of good pitching by the Athletics leader to do duty in the emergency. Bob Shawkey, the Baltimorean, is one of the best of them. Bush is another capable man, whom Mack is likely to start at any time; the third is Brown, whose year's record is a fine one. Houck is a fourth, but his tendency to wildness militates against a trial for him just yet in a struggle like the present one. As for the catchers, there is small probability that McGraw will use

any other than the hard hitting and sure throwing Myers unless the Indian should happen to be injured. On the Philadelphia side there was an impression last night that Mack had Ira Thomas under cover and would spring the veteran as a receiver for Bender. Today's probabilities took another turn and young Schang, one of the best performers the season has developed was the man picked as most likely to don the mask and protector for the Athletics. The Polo Grounds has been groomed to a nicety for the big occasion and the picture offered as the crowds filed into the fast filling stands was a brilliant one. Streamers flew from every pole around the roof of the lofty stadium and the curve on the giant horseshoe was aglow with color. Bands played as the throng gathered. The crowd itself was one of the big features of the day.

Rapid enthusiasts from all parts of the country and many from abroad formed a major part of the makeup but the glimmer of the world even drew thousands, who, while only mildly interested in baseball during the year, would not miss the post-season windup for anything.

Play was timed for 2 o'clock, with Umpires Klein and Rigler of the National League and Connolly and Egan of the American League as umpires.

Men and boys stand in line all night long.

(Associated Press Telegram.)

New York, Oct. 7.—A crowd of more than a thousand young men and boys was besieging the gates of the Polo Grounds at daybreak today, awaiting the sale of the first of the popular priced tickets for the first game of the world's series. It was a reasonably orderly crowd, considering the fact that hundreds had stood in the line nearly all night, but with a big game in prospect the true baseball "fans" always is in good humor.

The record for patience was set by John Harris, a chauffeur, who began the line by arriving at 4 o'clock yesterday afternoon and who seemed sure of the honor of purchasing the first ticket after a wait of sixteen hours. Those who gradually fell in behind him as the night wore on amused themselves by singing songs and swapping theories as to the outcome of the championship.

"Who will pitch?" and "Will it rain?" were queries on everybody's lips. To the first there was divided opinion. Some were certain that McGraw, the leader of the Giants, would choose Mathewson and others were equally certain that Marquard would be seen in the box. The invading camp felt sure that Connie Mack, the Philadelphia leader, had decided to start with Bender.

The weather man's percentage of accurate guesses was quite as important to the fans as pitching and batting records, however. His forecast of a cloudy day seems verified by those who took an early morning squint at the sky. The probability of rain before night, however did not seem to be great. The weather man himself expressed the belief unofficially that the rain would hold off until after the game was over.

Betting was reported heavier today, but still at even money. Professional betters do not figure largely in baseball, so it is difficult to obtain definite information as to the amount of wagers, but one estimate describes as "modest" places the total sum at \$1,000,000. Many individual bets of upward of \$1,000 apiece were reported as placed this morning.

With all of the \$1,000 reserved

seats practically disposed of, the rush of the ticket buyers was concentrated at the gates of the grounds where 30,000 seats were to be sold between 9 o'clock this morning and game time at 2 o'clock this afternoon. The early morning rush of the thousands of baseball visitors at the hotels made it appear that the day would witness perhaps a greater besieging army of "fans" than has ever been known. The police arranged to have two hundred officers stationed at the ground and they were in readiness to augment this force at a moment's notice, if necessary.

Complaints of ticket speculation appeared less acute this year than previously but there still was trouble. It became known that in some quarters speculators had obtained at least a few batches of tickets which they offered at \$50 for three games, a new high record indicating that the agents were forced to pay more than ever to get hold of the seats.

It was estimated that 5,000 persons were in the line when the gates to the unreserved seats were thrown open at 9 o'clock. The weather continued cloudy and unsettled. Many women were in evidence, some with their husbands, others unaccompanied. Mr. and Mrs. Maurice Hutchinson, of Mobile, Ala., said they had waited since midnight. One aged fan, a teamster, collapsed on a street corner and was taken away in an ambulance.

**ST. LOUIS SERIES POSTPONED.**  
(Associated Press Telegram.)

# DEPUTY CORONER RENDERS VERDICT IN SUICIDE CASE

Suicide committed with deliberation, apparently in a moment of temporary dementia, was the substance of the finding of Magistrate D. M. Jones, deputy coroner who investigated the death of 16-year-old Ernest Vermillion, whose dead body was found hanging to a tree in an orchard on the farm of his father, Frank Vermillion, in Hopewell township Monday afternoon.

The funeral will be held Wednesday morning at 10 o'clock in the Mt. Carmel church, Rev. M. A. Lamp of Newark officiating. Interment will be made in the cemetery adjoining.

Magistrate Jones declared the youth's body showed no marks of violence, and when found the feet were on the ground and the knees were within two inches of the ground on the hillside, showing that the act had been deliberate and that the youth was determined to end his life.

# BOYS CAPTURED BY MEXICAN BANDITS

(Associated Press Telegram.)  
Douglas, Ariz., Oct. 7.—James Proves, Lee Lavalee and Charles Hanson, three adventuresome American youths, strayed into Mexico yesterday in search of game while on a hunting trip east of Douglas. They were captured and held for ransom by Mexican guerrillas of Pancho Villa's command.

Through the solicitation of Col. J. H. Slaughter, a wealthy cattleman, the boys released. The youths returned without their guns.

# SEWER CONNECTION MADE.

A portion of the new paving in Granville street has been removed in order to make the connection for the new Eleventh street sewer. Service Director McCarthy explained Tuesday that the Granville street paving was completed before the Eleventh street sewer was contemplated, hence an emergency measure was necessary. The paving will be replaced in a few days.

Born, to Mr. and Mrs. W. A. Saffell, of Glenford, announce the birth of a son.

# BIRTH ANNOUNCEMENT.

Mr. and Mrs. Joseph Stock of 144 South Sixth street, announce the birth of a son. Mrs. Stock was formerly Miss Nellie Prior

# HANOVER.

Mr. S. E. Taylor left last Tuesday for Youngstown where he has accepted a position.

Several from here attended the Lick county fair last Friday.

Mrs. Ezra Moran of Martinsburg spent a few days last week the guest of her sister, Mrs. Roy Smith.

Mr. H. H. McVey of Lexington spent a few days of last week the guest of his parents.

Mr. Fred Lescallier of Columbus spent one evening last week the guest of his sister, Mrs. Wm. Thompson.

Mr. and Mrs. John Hollister left last Friday for a week's visit in Dayton and Springfield and other cities.

Mr. Wm. Severance spent Monday and Tuesday with relatives at Shawnee.

Mr. Charles Ritchey met with a painful accident while engaged at work at the clay pit Saturday, when a large rock fell on him, cracking his hip bone.

Mr. Wheeler and Miss Bessie Rex of Newark spent Sunday afternoon with Wm. Severance and family.

# FINDS METHOD OF PROLONGING LIFE

Cells Are Made to Reproduce After Death.

# RESULT OF LONG SEARCH.

**Dr. Alexis Carrel Announces Discovery of Remarkable Advancement in Science—Possible That Old Age May Be Postponed by Use of Method—Shown That Cells Survive After Death.**

New York.—The earlier experiments upon the preservation of life in animal tissues after removal from the gross organism have set Dr. Alexis Carrel at the Rockefeller Institute at the threshold of a more important discovery.

These experiments established the facts that not only could connective tissues be preserved permanently in a condition of active life, but that, under certain easily controlled conditions, growth could take place.

In Dr. Carrel's laboratory cells have been proliferating rapidly for more than sixteen months after their removal from the organism of which they had formed a part. Hitherto all tissue when removed from the animal organism has been meat. These researches established the fact that such tissue may continue to grow indefinitely.

As this discovery became more familiar to the investigator it was discovered that a constant relation existed between the rate of growth of the cell and the composition of the medium in which it is preserved.

This fact, Dr. Carrel now announces, indicated that certain cell phenomena of the higher animals, such as multiplication, growth and senility, might now be investigated profitably. At first blocked by lack of proper method, this investigation has now become possible through the discovery of a technique which permits strains of connective tissue to multiply indefinitely in the test tubes, like micro-organisms.

In the report now issued it may be taken that the mention of senility is intended to foreshadow an ultimate object of this line of profound study. That would seem to mean that this research is advancing toward the discovery of some means of postponing the approach of old age.

But Dr. Carrel says nothing of the sort. He confines himself to a rigidly detailed statement of experiments.

The results of this series of researches have the interest that they prove conclusively that Dr. Carrel has taken yet one more step toward the goal of his inquiry. His earlier reports established the sufficiently startling fact that the death of the gross organism by no means entailed the simultaneous death of the component parts.

The first conclusion reached was the proof of life after death—the survival of the cell. The later investigation has established a knowledge of the characteristics of the growth of connective tissue.

This has led to a new result—the indefinite proliferation of a strain of connective tissue cells outside of the organism. The strain of connective tissue originally obtained from a fragment of chicken embryo heart, which had been pulsating in the test tube for 104 days, was actively alive after sixteen months of independent life and more than 100 passages. The rate of proliferation of the connective tissue sixteen months old equaled and even exceeded that of fresh connective tissue taken from an eight day old embryo.

"It appears, therefore," Dr. Carrel reports, "that there is no effect on the tissues isolated from the organism and preserved by means of the technique described. During the sixteen month life in vitro the cells increased rapidly in number and were able in a short time to produce a large quantity of new tissues."

# Name For New Battleship.

Washington.—In honor of his native state Secretary Daniels probably will name battleship No. 30, building at the New York navy yard, the North Carolina. The name of the cruiser North Carolina will be changed to the Asheville, Charlotte or Winston-Salem

# GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

# Today in Pugilistic Annals

1904.—Philadelphia Jack O'Brien defeated Tommy Burns in 6 rounds at Milwaukee. This was the first of the three battles fought by the Philadelphia and the Canadian, and the story of these bouts is the record of Tommy's rise to the world's championship. The second Burns-O'Brien bout was staged in Los Angeles in 1906, and was advertised as for the world's championship. The Calgary plutocrat had improved a lot since the Milwaukee affair, but the best he could get in 20 rounds was a draw with the clever Quaker City man. The third battle took place in Los Angeles in 1907, and on that occasion Burns clearly showed his superiority, although O'Brien stayed the full 20 rounds.

1907.—George Dawson, born at Dark Corners, N. S. W., Australia, 1912 Eddie McGoorty defeated Jack Bennings in five rounds, stopped, at New York.

**The Rain**  
You may play your concertinas and your fiddles and your dances with your trunks and your boxes you may play the air with your toes, you may organize a chorus of a thousand voices sweet, you may charter Mary Garden and tell her she can't be better; you may play the piano till your neighbors stand aloof, but there is no music sweeter than the rain upon the roof. When the earth has scorched and shriveled in a fiery drought, when the grass and leaves have withered in streaks from the South when the sun for weeks to weeks has been shining in its grease, and for weary, weary months there was neither rest or wave, when the cornfields are withered and all blasted is the land, the rain is no music sweeter than the rain. When you can hear it splash and splash and splash on the shingles of the roof, bringing howl to all things, when the rain has been so long a saintly benediction it is certain to be a blessing, and the sun will glow of new dawn, when the stars are shining together as they sang over Judah's rain, they will give no sweeter music than the falling of the rain.

**America's Bad Roads Worst Extravagance of World's Most Wasteful Nation**

By CHAMP CLARK, Speaker of the House of Representatives

**THE BAD ROADS OF AMERICA CONSTITUTE THE MOST STUPENDOUS WASTEFULNESS OF THE MOST WASTEFUL PEOPLE ON THE GLOBE. THEY ARE THE HIGHEST PRICED OF ALL OUR MANY HIGH PRICED EXTRAVAGANCES, THE MOST NONSENSICAL, THE MOST UNJUSTIFIABLE.**

Out of most extravagances folks get some sort of satisfaction. While the money wasted in extravagances of dress, travel, etc., is wasted by the individual, it is not lost to the world, as it goes to artisans and laborers, but THE WASTE OF BAD ROADS IS LOST FOREVER.

I saw it stated once that the energy, material, animal life and time wasted in this country by reason of bad roads amount to the ENORMOUS SUM OF FOUR HUNDRED MILLION DOLLARS ANNUALLY. This is astounding and may be exaggeration, but it is known that the waste is enormous.

**THIS STATE OF AFFAIRS IS SO EASILY BETTERED THAT IT IS IDIOTIC, IF NOT CRIMINAL, TO LET IT CONTINUE.**

Twenty odd years ago I ADVOCATED BUILDING BY CON-VICT LABOR four great roads across Missouri. I was twenty years ahead of my time, but I rejoice that what I suggested then and even much more is in contemplation and near fruition.

**Better Financial System**

The financial system of the commonwealth which deteriorated for many years under prior administrations until it became a joke and was used to advantage by crooked public officials is being gradually strengthened under the administration of State Auditor Donahay, the first Democrat to rule the department in 30 years.

On November 14, Auditor Donahay will put into the accounting department a revenue ledger, which will at all times show every dollar of state revenues paid and unpaid. It has been the policy to keep only a cash book showing the amounts due the commonwealth.

The new system contemplated will provide for a classification of expenditures, together with a complete analysis of all receipts. When the law compelling boards, departments and commissions to pay all receipts into the state treasury each week is enacted, Auditor Donahay says Ohio will be the first state in the Union to have a complete financial system, showing all sources of revenue, the amounts of each, the sums due and amounts paid, and all financial transactions of every state department.

**On Second Thought**

The atmosphere strains above the earth. Prof. Marvin has made no radical changes in the weather bureau, but it is announced that under his direction more attention will be paid to weather reports and forecasts as they affect agriculture and farming conditions.

King Nicholas of Montenegro, who celebrated his birthday a year ago by starting the Balkan war against the Turks, is seventy-two years old today. Despite the heroism of his little army, the Montenegrin King has gained little in territory as a result of the war, and has lost a majority of his male subjects. The country has been plunged into the depths of poverty. During the last few months the king has been engaged in writing his memoirs. Napoleon is the great hero of the warlike old monarch, and he also pays high tribute to Roosevelt, Emperor William, Leopold II of Belgium, and the late King Edward. Nicholas has also written a play, which was given a production last spring.

Josephine Eugene Ransdell, the new United States senator from Louisiana, was born in Alexandria, La., fifty-five years ago today. He was a lawyer and cotton planter before his native state sent him to Congress fourteen years ago. He has remained in Washington ever since, and last March was elevated to the Senate. Besides being the eloquent defender of the sugar growers, Senator Ransdell has long been noted as a leader in the waterways improvement movement. Indeed, sugar and water are his principal concerns. He was elected president of the National Rivers and Harbors Congress in 1906, and has continued to hold the office ever since. Senator Ransdell believes that it will some day be possible to travel by canals and inland waterways from Nova Scotia to Key West. He has projected and is the earnest advocate of many other schemes for developing water transportation.

**Wisdom from Washington**

Washington, Oct. 7.—(Special.)—After the election last November tariff revision was assured. The Democrats had captured the senate as well as the presidency and the house, and it was certain that they would put into effect their ideas of tariff legislation. About eleven months elapsed before those tariff ideas were put into effect, most of the time being consumed in actually considering the bill.

There was scarcely a time since the election when men were not at work in one way or another upon the bill which has become law, so the delays are not the subject of the criticism that has been showered upon congress and its methods. The tariff is rather important, and it takes time to change all those items in the different schedules. Besides, during all this delay the country has had an opportunity to prepare for the tariff changes.

**One of the Small Items.**  
One of the items last to be settled in the tariff bill and which at one time seemed likely to end in disagreement was the rate on zinc. It grew out of a political condition. Back in 1908 Uncle Joe Cannon went down into the Joplin district, the zinc region of Missouri, and found an old soldier, one who had represented the district as a Democrat years and years before and was in 1908 running on the Republican ticket—and for a duty on zinc. Uncle Joe told those Joplin people that if they elected Charlie Morgan to congress they should have a duty on zinc. Morgan was elected. That metal then became a storm center of the Payne bill, but zinc had its duty. The old promise figured in the recent conference and was fought up and down for a long time before the house won its contention and greatly reduced the duty.

**Rivers and Harbors.**  
River and harbor improvements will not be allowed to languish under the new administration. President Wilson has signified his intention of speaking at the coming rivers and harbors congress next December, just as his predecessors in office spoke at similar gatherings. Nearly every president since Mr. Cleveland has been inclined to liberal appropriations for rivers and harbors, although Mr. Kibby did encourage the defeat of one bill back in 1909. As for congress, it has been practically committed to an appropriation bill every year.

**Champ Makes a Declaration.**  
Hanging on the bones of certain Republicans was further the question up to Speaker Champ in parliamentary inquiries. Finally Champ emphatically declared his position saying, "The speaker of the house has nothing on."

**A Saving of \$25,000**

In his plan for posting the electors under the I. & R. it is plain that it is Secretary of State Graves' policy that a large appropriation of money does not license extravagance. Given an allowance of \$50,000 to mail information about the liquor shipping bill and the small legislature amendment, Mr. Graves could have spent all this money in this work and he would not have been criticized. But he chose to do the work just as economically as possible, notwithstanding the appropriation, and reach every voter at the same time. The result is a saving of \$25,000.

This is the plan as given: In rural communities the township clerks are to be called to the county seats with their polling lists and given one cent a name for addressing stamped envelopes which will be mailed at these points, the two word statements required being furnished for insertion.

In the cities having registration it was first projected to supply the voters through the registration of fivers, but this was found to be impossible because one of the days for registration would have passed. It was then decided to contract with a mailing company to handle all of the notices, which will be mailed under a one cent stamp. The estimated cost of this proceeding is \$25,000.

**G. O. P. and Bankruptcy**

The state was approaching bankruptcy under Republican regimes. In the last two years that G. O. P. general assemblies made appropriations of money for governmental expenses, the deficit was \$1,500,000. At that rate the commonwealth would today be in the hands of a receiver.

President Wilson evidently realizes that he can go to Panama any old time, but that the time to pass the currency bill is right now.

Teddy Roosevelt certainly chilled the hearts of the stand-pat Republican bosses when he declared in one of his last speeches that he has only begun the fight with and for the Progressives.

The Massachusetts Republicans did not take to the idea by naming Governor Foss as their candidate for Governor and nominated Augustus P. Gardner. But the political situation is badly mixed for the candidate has determined to run on a platform distinctly his own which the convention rejected.

Dayton Daily News: "A friendly conclusion arrived at by one publication is that Secretary Bryan hurt himself more than anyone else by his character lectures. Sure, he only gave a lot of narrow-minded breakers a new opportunity."

**WYOMING VALLEY.**

Mr. and Mrs. F. D. Cooper of Cincinnati, Ohio, were guests of Mr. and Mrs. Joe Hall Sunday.

Mr. and Mrs. W. L. Brooke and children, Edgar, Lawrence and Lucille, spent Sunday with Mrs. Addie Pound.

Mr. and Mrs. John Hisong and children, Walter and Willis of Cleveland, Ohio, were guests of Mr. and Mrs. W. H. Hosmer Sunday night and Saturday.

Mr. Lester Wright, son of Mr. T. Wright, who lives on the bones of his left arm, was a member of a rail fence Saturday evening in the Washington of Newark, and the broken bones.

Mr. Wright was a high school this year.

**AN OLD RECIPE TO DARKEN HAIR**

Common Garden Sage and Sulphur Makes Streaked, Faded or Gray Hair Dark and Glossy At Once.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Hair Remedy." You will get a large bottle for about 50 cents. Everybody uses this old, famous recipe, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy, and you look years younger. Agents, Hall's Drug Store.

Train yourself to sleep with the mouth closed. If you can't you are suffering from adenoids and they should be removed.

**First Things**

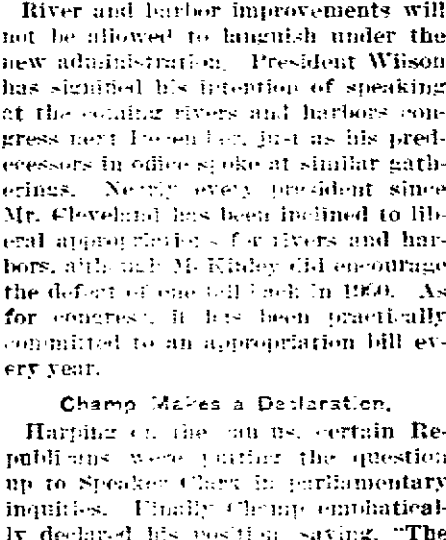

The first great defeat suffered by Turkey, which then retained a temporary, but dominating power of Europe, was in the battle of Lepanto, near Cephalonia, fought on this date, October 7, in the year 1571. The fleet of the Mediterranean powers, Spain, Venice, France, Malta, and Rome, commanded by Don Juan of Austria, defeated the fleet of the Ottoman Empire, which was the first of its kind, and the last of its kind, in the world. The fleet of the Ottoman Empire, which was the first of its kind, and the last of its kind, in the world. The fleet of the Ottoman Empire, which was the first of its kind, and the last of its kind, in the world.

**The Human Procession**

Prof. Charles Frederick Marvin, who recently succeeded Prof. W. H. Mason as Chief Scientist, weather station, is a native of Durham, O., where he was born five years ago today. Dr. Marvin is not the Director of the United States Weather Bureau at last July, and the very first thing he did was to turn on a temperature of 101 in the shade. On the second day he gave Washington another set of what he could do by sending the greatest electrical disaster witnessed in Washington in thirty years. He followed this with a rain that was a regular gully washer, and it is understood that he is very anxious awaiting the arrival of the season when he can show off his line of beautiful snow and white nights.

Dr. Marvin was graduated from Ohio State University thirty years ago. From Marvin has been studying the weather, and he has long been a recognized authority on snow, sleet, sleet rain, clouds, hail, atmospheric sunshine, earthquakes, thunder and lightning. He entered the weather bureau, then a branch of the signal service, in 1881, and ten years later became a pioneer in the use of kites for observing weather conditions in the atmosphere.

**The HOME Building Association Co.**  
NEWARK, OHIO.

**USE "CASCARETS" IF CONSTIPATED**

Salts, Calomel and Cathartic Pills are violent—they act on bowels as pepper acts in nostrils.

Get a 10-cent box.

Take a Cascaret tonight to cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous, upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping your bowels clean with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil?

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means healthy bowel action; a clear head and cheerfulness for months. Don't forget the children.

**MARVEL OF SCIENCE DEMONSTRATED AT NEW LIGHT PLANT**

The combined gases from tanks of oxygen and an acetylene generator, properly mixed at the end of an ingeniously constructed torch, not unlike in appearance the gas torch used by plumbers, painters and electricians, cut through steel as easily as a sharp knife cleaves a slice of cheese. This fact was demonstrated practically Tuesday morning when a portable machine from the Jewett Car company's plant was taken to the new plant of the Ohio Light and Power company. At this point a large number of steel piling, probably a foot wide and a half inch thick were cut with no physical labor other than moving the huge pieces of steel within range of the flaming torch.

The work of this new appliance for the modern factory was demonstrated in the presence of a number of Newark factory men and others interested in matters of this character.

The machine was recently installed by the Jewett plant and may be used in cutting any sort of heavy metal, or the welding of any sized piece of brass, copper, aluminum, cast or wrought iron or the hardest of steel.

It is the product of the Oxweld Acetylene company of New York and Chicago, and while not entirely new to the world of mechanics, it is the first device of this character ever brought to Newark.

The Ohio Light and Power company had a number of steel piling to be used in the work on their building and it was desired to cut them in different lengths. Arrangements were made to bring the portable acetylene generator and oxygen tanks to the yards where the cutting was done.

A flame of burning oxygen, driven by a tank pressure of 60 to 70 pounds is held against the steel surface and the metal is cut as clearly as though it was done with a saw. A blast of acetylene carries away the burned particles. There is no waste, the strength of the metal is uninjured and the work is done quickly and uniformly. The machine was operated Tuesday by Messrs. E. Patterson and Russell Galloway, both employees of the Jewett plant.

The Jewett company is prepared to do all kinds of cutting and welding. Only a few days ago, a 1400 pound casting was shipped to Newark from Columbus and welded at the Jewett plant by this new device. There are few of them in this part of the state.

**Coming Events**

**Society**

Miss Alice Benson of West Main street on Monday evening honored Miss Florence Lampton, whose marriage to Mr. Bert Holler will be solemnized on the evening of October 16. The affair was a miscellaneous show-er cleverly arranged in which the bride elect received many pretty gifts.

Guessing contests were the evening's amusement, Miss Helen Ginter winning the prize, which she presented to the guest of honor.

At 10 o'clock a delicious luncheon was served the following: Misses Lampton, Alice Avery, Florence Lamert, Helen Conley, Lucille Callahan, Ellen Avey, Mae McAlpin, Helen Ginter, Gertrude Roll, Madeline Reicher, Margaret Stepler, Edith Benson, Cora Lair and Mary Neimeth.

At 6 o'clock Tuesday evening the wedding of Miss Ruth McKee of this city and Mr. Benjamin Cooper of Columbus will be solemnized at the home of Mr. and Mrs. J. B. Irish in West Main street. Rev. Calvin Hazlett will read the wedding service. There will be about forty guests in attendance.

Mrs. Frank Warden, Mrs. Daniel Altshool and Mrs. Edwin Besuden left today for a motor trip to Richmond, Ind., in the Warden car.

The Royal Neighbors Sewing Circle will meet with Mrs. Jacqueline Swartz, 81 South Pine street, Wednesday at 2 o'clock.

**DEFRIEZE-MILLER.**

Announcement is made of the marriage of Miss Arta J. Miller to Mr. George De Frieze on October 2, at the home of the bride's parents in Rocky Fork.

The ceremony was solemnized by Rev. J. H. Miller of Newark and there were no attendants. The bride's gown was of white satin and she carried a bouquet of white roses.

Twenty guests were present and following the wedding service a wedding dinner was served.

Mr. and Mrs. De Frieze went to housekeeping in Burt avenue, where they will be at home to their friends after November 1. Mr. De Frieze is an employee in the offices of the Wehrle company. The bride is the daughter of Mr. and Mrs. O. F. Miller of Rocky Fork.

A small informal wedding took place at the home of Miss Rose T. Mosier, 37 South Monroe avenue at 10:15 Monday morning, when her sister, Miss Freda Martha Mosier became the bride of Mr. Alfred Henry Browne. Rev. W. H. Lewis officiated. The only attendants were the bride's nieces, Miss Edith Mosier, who acted as bridesmaid, and Miss Lillian Mosier, flower girl. Following the ceremony, a breakfast was served. The bridegroom formerly lived here, while he was in the employ of the Central Union Telephone company. Mr. and Mrs. Browne will go to Middletown to live after a short wedding tour. The guests from out of the city were the bridegroom's mother, Mrs. Minnie Browne, Mrs. T. H. Craig, Dr. Lucy W. Pine, Mr. Edwin D. Pine of Washington C. H. and Miss Bernice Fleming of Newark.—State Journal.

About twenty friends of Mrs. Nick Saver gathered at her home at 20 North avenue last evening to remind her that it was her birthday anniversary and to wish her much happiness. Euchre was the game played. Mrs. W. Stapleton won the first prize. Mrs. Ed Rittor the second, and Mrs. Chas. Friel the consolation. The hostess was presented with a Battenberg table cover, after which refreshments were served. With "Home, Sweet Home" played on the piano, all left, wishing her many happy returns of the day.

**LAPSE OF MEMORY COST WOOD \$3,800**

(Associated Press Telegram)

Philadelphia, Oct. 7.—A lapse of memory on the part of E. R. Wood of this city, which caused him to forget that he had purchased a \$3,800 property in 1887 until that fact was brought to his attention a few years ago, resulted in his losing the ownership of the property. A jury yesterday sustained the claim of William and Cary Coyle, who purchased the house for \$100 in 1911 after it had been occupied by squatters for 15 years. At the first trial of the ejectment case brought by Mr. Wood the verdict was in his favor but when it was discovered that one of the jurors was deaf, a new trial was granted.

Were men as perfect as their wives expected them to be, the women would all die of ennui.

**THE FORWARD-LOOKING WOMAN**

THE FIRESIDE WOMAN

By Barbara Boyd

**Fair-Minded Men.**

"I do like to find fair-minded men!" exclaimed the Forward-looking Woman cheerily, as she tossed her gloves on the table and took a seat in front of the open fire. "They are the hope of the nation."

"I thought the women were," said the Fireside Woman quizzically.

"Oh, no. There is no doubt now about what women will do and what they will achieve. They have started on the forward march and nothing can stop them. And sooner or later, all will join in. But men!" The forward-looking woman looked somewhat doubtful. "So many of them are just sitting stock still and obstinately refusing to budge, that I don't just know what is to be done with them. That is the reason I rejoice when I see a fair-minded man, and look upon him with hope. He may be able in time to influence the others. Though I will say, he has his work mapped out for him."

"And I suppose you think a man is fair-minded when he is on your side," thrust the Fireside Woman.

"I think he is fair-minded when he is willing to look at both sides of a question, and not accept traditions that are handed around, as arguments, without examining the texture of them, and when he finds the texture moth-eaten and falling to pieces, admitting the fact. That's the reason I think Horace Dresser who makes this statement: fair-minded. The masculine gender—this qualifies for voting. The feminine gender—this disqualifies for voting. How ridiculous! Sex is elemental, inherent in all people; and should never be deemed a ground of qualification or disqualification to vote, any more than the height or weight of a person. Now I think that is good, sound sense. But you must admit that most men think, or at any rate, act as if they so thought, that sex qualifies for voting. Yet just as Mr. Dresser says, what has that to do with it? If sex qualified or disqualified for obeying the laws, then it might have something to do with making or not making them. But since women have to obey the laws the same as men, isn't it only fair they should have a hand in making them; and since they are taxed the same as men, shouldn't they have a voice in saying what the taxes shall be and how the money shall be spent? And so I say, it is a hopeful sign that men are coming to look on both sides of this question, and to judge it from the standpoint of impartial justice, not of hoary traditions and conventions."

Barbara Boyd.

**BEWARE OF THE ROOT WORM AND CORN BEETLES**

(Associated Press Telegram)

Washington, Oct. 7.—Safeguarding the corn crops of the south and west, the experts of the department of agriculture today sent out a warning against the inroads of the southern root worm and the western corn beetle, two pests that have kept them awake at night and which have curtailed the crop output in those two great producing sections. The habits of both have just been catalogued, after a long investigation by scientists, who have slept in the rustling corn fields.

Rotation of crops is advocated as the cure for the southern visitant, whose destructive work is accomplished by working principally around the roots of the young corn. He is the more dangerous of the two and the female of his species is even deadlier, for she uses the hollow stalk of the growing corn in which to cradle her young.

The same precaution is advised in fighting the western pest which department experts say, "is regarded as one of the easiest pests to control under crop rotation."

**MEEKISON AND CARGOULD ARE AWAITING VERDICT**

(Associated Press Telegram)

Cleveland, Oct. 7.—C. C. Meekison, Henry county auditor, and J. D. Cargould, Akron politician, will probably know the verdict of the jury trying them for alleged attempted burglary before tonight.

When court convened this morning, arguments of opposing counsel were in order. It was expected that these would be concluded by early afternoon, and that the jury would then retire to deliberate.

The specific charge against the pair is that they tried to gain entrance to the office of the Ohio Equity association on the night of Aug. 2 this year, with the idea of removing from it Barnes and Kilpatrick tax law referendum petitions.

The association was fathering the referendums. Meekison and Cargould have been alleged to be members of a state-wide organization that was working against them.

Some people are quick to take offense, and others are satisfied to borrow trouble.

Happiness depends quite as much on what we don't do as upon what we do do.

**Black Silk Stove Polish**

It is not only most economical, but it gives a brilliant shine to the stove and is non-toxic. It is the best polish for the stove and is non-toxic. It is the best polish for the stove and is non-toxic.

**Personal**

Mrs. Elizabeth Daugherty and Mrs. S. D. McCann spent Monday in Columbus.

Miss Ora Lawrence of Columbus visited over Sunday with Misses Alice and Donna Benson.

Mr. Beery of Ashville visited Mr. and Mrs. Arthur Bollwine and attended the county fair last week.

Frank Kilworth of Columbus, has returned to his home after visiting friends in Newark over Sunday.

Mr. S. Weintraub, the ladies tailor, of West Main street, has returned from Cleveland, where he purchased goods.

A. J. Gerlach, manager of the circulation department of the Catholic Columbian, is spending the day in Newark looking after business interests.

Mr. and Mrs. G. O. McClure have returned to their home in Mansfield after a short visit in Newark with Mr. and Mrs. George McClure of West Locust street.

**SPEAKER PLEADS FOR NON-PARTISAN VOTE ON NOV. 4**

At a meeting of the Church Federation held Monday night at the First Presbyterian church, F. E. Holloway, pastor of the Plymouth Congregational church in speaking on "The Duty of the Voter" made a strong plea for non-partisan politics. He urged a careful study of the political questions, that the voter might be able to vote intelligently on all questions which are submitted by ballot.

Prof. H. F. Moninger, president of the Federation, presided at the meeting and introduced the speakers. B. F. McDonald, a local attorney, spoke on the Constitutional amendments initiated for consideration at the coming election. He explained the meaning of the laws clearly so each person who heard his talk will be able to understand the propositions on which he will be asked to vote.

Local issues were not discussed and no action was taken on any matter pertaining to the municipal campaign now on, which is one of the quietest in the city's history.

**Girlish, Wrinkle-Free Skin Easy to Have**

From Pilgrim Magazine.

Since its remarkable astringent and tonic properties have been known, clever women all over the world have been using the axolite face bath to "tone up" their faces, remove wrinkles and draw flabby cheeks and neck back to normal. After using the solution, the face immediately feels much firmer. The skin tightens evenly all over the face, thus restoring the skin underneath a chance to "breathe" and to show itself. Applying the wax at night, like cold cream, washing it off morning, thus restoring the skin under a complexion in a week or ten days. One ounce usually is sufficient.

**SPEEDY TRIAL PROMISED TO THE MURDERER**

(Associated Press Telegram)

Chicago, Oct. 7.—A speedy trial for the murderer of Mrs. Mildred Allison Rexroat, on Sept. 25, was today promised Henry Spencer whose confessions of twenty murders, woven by an opium clouded brain dumfounded the police. The authorities will continue to investigate his fantastic stories in the hope of establishing further facts. His admission of the Rexroat crime is substantiated by evidence. He is known to have committed many of the large number of burglaries he has confessed and there is a possibility that he may have slain Mrs. Annabel Wright last December. She was beaten to death with a hammer by a man who had rented a room, and robbed her. The remainder of Spencer's twenty "murders" are believed to be the dreams of a man obsessed by that form of insanity known as "stir simple," a delusion described as penitentiary insanity.

**FREIBERG FOR LIBERALS FILES HIS APPEAL TODAY**

(Associated Press Telegram)

Columbus, Oct. 7.—An appeal was filed with the supreme court today by a Julius Freiberg, of Cincinnati, representing the liberal interests from the decision of the Franklin county court of appeals upholding the action of Secretary of State Graves in refusing to reject the initiative bill of the drys to prevent the shipment of liquor into dry territory.

John Pfeiffer of Columbus, is the plaintiff in the case and he asks that the Secretary of State be enjoined from putting the law on the ballot.

**QUINTET LEAGUE OPENS TONIGHT**

The Zonule quintet bowling league inaugurated the season's program with its announcement of the first game to be played tonight in the Music hall alleys between the Reds, with Guy Tracy as captain, and the Cubs, headed by Jake Winters.

The four teams of the league will bowl in the Music hall alleys twice weekly, on Tuesdays and Thursdays.

It is said the lineup in this league is one of the best in many seasons, and lovers of this sport may hope to see some high scores rolled before the end of the season.

The boy with his first dime feels richer than the man with his first million.

**ELIMINATION OF GRADE CROSSINGS IN OTHER CITIES**

The first duty of a city toward its inhabitants is that of protecting life. This proposition is so elemental that it scarcely seems worthy of the space it takes to say it, and yet it is a duty that the cities of the country and especially the cities of Ohio are just now awakening to.

The question for serious consideration by those who are interested in the welfare of Newark at the coming election is whether or not Newark shall say to the world that we are a city in which adequate protection is afforded to human life.

Other cities of the state are coming seriously to consider this subject or have already given it serious consideration. Columbus has done away with practically all, if not all, of the grade crossings on the West Side, and "the city would not," in the words of John Y. Bassell, "under any circumstances be willing to return to former conditions."

The city of Youngstown at the coming November election is to vote on the question of issuing bonds for the purpose of eliminating sixteen grade crossings of that city, with every indication that the result of the election will be favorable to the bond issue.

Sandusky, which is a city of about the same size as Newark, already has under construction one subway and the question of eliminating two other grade crossings is still in the hands of the city council, with a strong probability of early action looking toward the elimination of these, too.

The city of Akron is agitating the question and seriously considering what plan they shall adopt for the elimination of the grade crossings in that city. The question seems to be a rather difficult one and the elimination will probably come by the erection of overhead bridges in most cases rather than subways, because of the peculiar topography of the railway crossings of the city.

Lima has two subways and a third is now being built by the Chicago and Erie Railroad company, while a fourth is under contemplation by the city and the railroad company.

In Springfield the city engineer has taken a survey covering three of the most dangerous crossings of the city and the question of issuing bonds to cover the city's share of the cost will be submitted to the people at the coming November election.

In Ashtabula there is one subway in operation which cost over \$170,000 and another is in course of construction in the same city which will cost \$100,000, and still another under consideration that will cost nearly \$300,000. A serious accident last December in which many lives were lost seems to have thoroughly aroused the people of this city to their duty in this regard. The energy with which the city is going at the matter and the large amounts of money that they are expending for this purpose are proof that the city realizes its responsibility to its people.

The city of Elyria has just closed a contract with the L. S. and M. S. railroad company for the elimination of all grade crossings but one in that city. This contract covers seven dangerous crossings. The same city is now considering with the B. and O. Railroad company the advisability of separating grades over their right of way. The Deputy Clerk of the Council in writing of Elyria, says: "I do not believe that any single improvement which has been accomplished by this city during the past ten years has met with so universal approval as this grade crossing work. We feel that any amount of money which the city may expend for this kind of improvement is well worth while and that the separation of crossings is one of the first improvements an act to date town should provide for."

It will thus appear that the really progressive cities of Ohio are getting ready to or already have taken the necessary steps to protect their citizens from the dangers of grade crossings. Newark is only in line with such cities as Youngstown and Springfield which are also this year to vote on the question of issuing bonds to get rid of grade crossings. If Newark is to be a desirable place in which to live and a really inviting city for people who care for safety, she should vote on the question of issuing bonds elimination of these crossings.

The hardest thing in the world to manage is a wife. The next hardest thing is a husband.

Many a man who boasts of his blue blood has a streak of yellow in him.

**Check the Symptoms of Lung Trouble**

One of the many reasons why Lung Trouble is difficult to fight is because the disease is often of a very feinting nature. The patient may look well, but in reality is fast losing strength by coughing, night sweats, fever, etc. These symptoms should be checked as quickly as possible. Eckman's Alternative is beneficial in checking fever and night sweats and it has brought about many complete recoveries. Read this case—

36 W. 34th St., New York.

"Gentlemen: I wish to express my appreciation for the fact that your Alternative has done for me. Since I was very young I have been a sufferer from Bronchitis. I tried doctor after doctor, getting little or no benefit. Finally I had night sweats, weak spells and lost rapidly in weight and my doctor told me if they were not checked I would have Lung Trouble. Miss Mary Robinson, who is a friend of mine, recovered after taking your Alternative and insisted that I try it. I am now, after two years, perfectly well, strong and healthy."

(Amended.) MRS. ROSA VOELPEL.

(Above abbreviated; note on request.) Eckman's Alternative has been proven by many years' use to be most effective for severe Throat and Lung Affections, Bronchitis, Bronchial Asthma, Strabismus, Croup, and in upholding the system. Contains no narcotics, poisons or habit-forming drugs. Ask for booklet telling how to use it. Write to Dr. J. C. Eckman, Philadelphia, Pa., for your free booklet. For sale by all leading druggists.

### Bell System

T first blush one is a bit flattered to learn that his telephone line "is always busy."

To let this condition continue, however, may cost hundreds of dollars in lost orders. If a subscriber has a busy line it will be good business to find out just how busy it is. We will do this on request and let our patron decide whether he can take the chance of losing orders to save a few dollars in the telephone rental.

Telephone Company.

## Annual State Convention Of The King's Daughters To be Held at Granville

Arrangements are being completed in Granville for caring for the delegates who will attend the 20th annual state convention of The King's Daughters. About 150 delegates are expected to be in attendance and twenty have been named from this city.

A reception will be held in Granville at the home of Mrs. Seward on Wednesday night and the formal business of the convention will begin on Thursday morning at 9 o'clock.

Newark has four circles, The Silent Circles of which Mrs. Weaver of Eddy street is the leader; the Sunshine Circle of which Miss Lucy Connell is the leader; The Brightening Circle of which Miss Gladys Beecher is leader; and the Whatsoever Circle of which Miss Besse Felix is the leader. There is also a Nurse Chapter in Newark. The other circles in Licking county are The Opportunity at Utica, the Bethel Circle at Johnstown, and the Cup of Cold Water at Granville.

A number of important questions will come up before the convention and a resume will be given of the great work accomplished during the past year. The King's Daughters have a large membership in Licking county and many from Newark will be in attendance at all the meetings.

There will be a number of prominent speakers present and the list of visitors will include many representative people. The state president, Mrs. Sarah Gule of 20 Scottwood, Toledo, will be among those who will occupy the platform and the other state officers are: vice president, Mrs. Cora Colwell of Toledo; treasurer, Mrs. Gerald D. Hord of Marion and secretary Miss Wanda Vorst of Fremont, O.

Each of the county secretaries has a membership on the executive board. The following is the complete program for the three days of the convention, which begins October 9th and concludes Friday evening, October 10: Thursday—9:00 a. m.

Committees—Credential, Mrs. Maud Montgomery, Granville, chairman; Resolution, Mrs. W. F. Filler, Toledo, chairman; Auditing, Mrs. F. E. Traux, Columbus, chairman.

Little Benny's Notebook

Tottie Hart had a birthday party last nite awn akkount of having a berthday, me getting a invitayshin last weak, saying awn it. Pleeze omi prezents, and wen I sed to pop, Pop, can I have a kwarter or sumthing to buy a preznt for Tottie Hart, shes going to have a berthday party awn her berthday, pop sed, I am aware of that forthkoming event in the yungir soshil serkels, and I awlso remembir distinkshly noticing awn the invitayshin the impressiv werds, Pleeze omi prezents.

O, G, pop, I sed, that dont meen anything, jest jut that in to be pulitte and then if you dont bring eny preznt they get mad.

By thare invitayshins shal yee no them, sed pop, you woodent dont a ladys werd, wood you, and I sed, No sir, and pop sed, Well, diden, the invitayshin lxxpressly say not to bring prezents, and I sed, No sir, it jest sed to omi them.

A distinkshin without a differents has got a littel sumthing awn a egg without salt, sed pop. And he didnt give me eny munny to buy the preznt, so I startid to save up my own munny to buy it, saying up 15 sents, wich I wood of bawt it with it, seny I didnt no weathir to buy a 15 sent books of kandy or a 15 sent hankerchiff with a bloo boardir and T standing for Tottie in the kornir of it, so I bawt a 15 sent base bawt bat insted and went to the party last nite without eny preznt, awn akkount of a base bawt bat not beeing eny use to a gerl no mattir how mutch it kost.

Wen I got to Totties house the parler was awl lited up and fellos and gerls was setting erround awl dresed like Sunday, and thare was a pile of things awn a tabil in the middel of the parler, the things beeing prezents for Tottie wich the fellos and gerls had bawt, awl exept me, and I sat down on the sofer between Sid Hunt and Mary Watkins, and Sid Hunt sed, Wat did you give her Benny, I gave her a bottil of kullone.

I didnt give her mine yet, I sed.

Wat did you bring her, Benny, sed Mary Watkins.

I didnt give it to her yet, I sed.

And I got up and startid to wawk ovr to the uthir end of the room as if I was tired of beeing at that end, and Puds Simkins was ovr thare, and he sed, Helo Benny, I gave her a 35 sent book, wat did you give her.

I didnt give it to her yet, I sed.

And I wawked out in the hall, and who was hanging up his hat but Persy, beeing Puds Simkins sissey cuzin, and wat was laying awn the frunt stares awl tyed with red ribbin but a books of kandy, wich I kwick picked it up wile Persy was still hanging up his hat and went back in the parler with it and handid it to Tottie Hart, saying, Heers wat I bawt you, Tottie, saying, O, thank kou ewvir so mutch, its perfectly luvly, and me saying, Dont menshin it, and Tottie Hart put the books of kandy awn the tabil were the uthir things was and jest then who caim in but Persy, looking all erround at it he thawt he had lost sumthing, saying, Sumbody took my kandy, sumbody took my kandy, I had a books of kandy to give and sumbody went and ook it, thare it is, thare awn the tabil.

Yure krazy, I sed, and Tottie Hart sed, Wx, Persy, Benny Potts jest gave me that, and Persy sed, Well, it looks exackly like mine, and I sed, Well, wat if it duz, kant 2 preznts look alike.

And Persy kepp looking erround for his books of kandy till the party was ovr, and weneyvir enybody asked Tottie Hart who gave her the bewtiffil books of kandy with the red ribbin awn it, Tottie Hart sed, Benny Potts.

A complete consus of Mexico for 1910 shows the population to be 15,160,369.

### Daily Riddles

Questions

1. How do you pronounce this word: bac-ka-che?

### LOCK.

Mrs. Mitchell spent part of last week visiting with relatives at Mt. Vernon.

Mr. and Mrs. Forest Crowl commenced housekeeping Thursday on the farm of Mr. and Mrs. Clint Dustin.

Mr. and Mrs. James Parks were called to Homer Tuesday evening by the sudden death of Mrs. Parks' sister, Miss Shafer. They accompanied the remains to Marietta Thursday.

Mr. and Mrs. Hule of Bangs will move to the Frank Moats farm.

Mrs. Frank Quick and Mrs. W. H. Douglass called on Aunt Jane Mangle near Croton Wednesday.

Newton Shultz was a Utica visitor Friday.

Mr. and Mrs. Lester Myers were Sunday guests of Mr. and Mrs. Riley Hatch of Appleton.

Mrs. Lucy Dustin of Centerville spent Saturday with her sister, Mrs. Josie Shultz.

Mr. and Mrs. Eugene Cornell and Mr. and Mrs. Arthur Mitchell of Mt. Vernon attended services here at the Congregational church Sunday.

The Misses Nellie Nash, Mabel and Maude Brezille attended the Newark fair Friday.

A large number of friends and neighbors spent Wednesday evening with Mr. and Mrs. Frank Moats, as they will soon move to their new home near Centerville. An elegant luncheon was served.

Mrs. Jap Crottinger and daughter Vick were Mt. Vernon visitors Thursday.

John Meachem and Bunny Quick were guests of Mr. and Mrs. H. E. Watson of Newark and attended the fair last week.

Orley Bird was at Utica Thursday.

Mr. and Mrs. James McBride of Columbus were over Sunday guests of Mr. and Mrs. Wm. McBride sr.

Miss Mabelle Brayville of Fredonia visited at the home of her mother.

### THE VANITY BOX.

Get rid of the freckles by applying drops of pure lemon juice to each freckle with a camel's hair brush.

To reduce your weight exercise for twenty minutes in the morning and eat only two meals a day. It is easy after the first week or two.

A splendid deodorant is made from two ounces of grain alcohol, four of tannic acid and one-half ounce of cologne. It will allay perspiration and keep the body cool and sweet.

If your switch is faded to a lighter shade than your own hair dip it in strong black tea, and if you want it quite dark set the color with a pinch of copperas in the tea while lukewarm.

### CHINESE VICE PRESIDENT.

ASSOCIATED PRESS TELEGRAM

Peking, China, Oct. 7.—Gen Li Yuen Heng, provisional vice president of the Chinese republic, was elected vice president today for a term of five years by the United Houses of the Chinese parliament.

The man who is always sure he is right is generally the one who can't see beyond his own nose.

### PIMPLES WOULD BURN AND ITCH

Over Body and Head. Sore Spots on Arm and Shoulders. Scratched Until They Bled. After Using Cuticura Soap and Ointment a Week, Eczema Left Her.

913 S. Hackley St., Muncie, Ind.—"When my little girl was a tiny baby she broke out in little fine pimples here and there over the body and head. They would be about the size of a quarter after they were broken out and would form a scab for a week or more. Then the scabs would begin to peel off. The disease would itch and give her much trouble. As she grew older they would spread until some places would be as large as a half dollar. Her clothes seemed to make the sores burn and itch. The sore spots were on the top of her arm and two on her shoulders. She would scratch them until they would bleed. Sometimes in combing her hair it would come out. I used — for a while but it did not seem to be any good and I used — also without result. She continued to break out with the eczema until I wrote for a sample of Cuticura Soap and Ointment and used them. I purchased some more and the scabs came off and I could comb them out of her hair and it healed up just finely. After using Cuticura Soap and Ointment a week the eczema left her." (Signed) Mrs. Laura Graves, Nov. 27, 1912.

For treating poor complexions, red, rough hands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. Sold by druggists and dealers throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

### Children Cry for Fletcher's CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher*. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-goods" are but experiments that trifle with and endanger the health of Infants and Children—Experience Against Experiment.

### What Is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrup. It is pleasant, it contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic, all Teething Troubles and Diarrhoea. It regulates the Stomach and Bowels, assimilates the Food, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

### GENUINE CASTORIA ALWAYS Bears the Signature of

*Chas. H. Fletcher*

## COUNCIL AWAITS INSTRUCTIONS BY HEALTH BOARD

In the Matter of the Protest Against the Howell Provision Plant—Report on "Texas" Bridge Made to Council.

The Newark city council Monday night put up to the city board of health the protest from the property owners in the vicinity of the Howell Provision plant in which the residents entered a strenuous objection to the re-opening of the plant in its present location. The matter had come before council at the last meeting in the form of a petition. This petition was signed by a number of the members of the board of health and the city council at the time thought action on its part was unnecessary. Upon motion the petition was referred to council as a committee of the whole and Monday night, this big committee made its report recommending that no action be taken by council unless a request so to do came from the board of health.

This matter, with a report from Engineer Wells on the matter of an overhead bridge from East Newark to Texas, furnishing these people with an outlet from that part of the city, were the only matters of importance considered at a brief meeting of council.

The footbridge will cost \$3,000 according to the engineer's estimate. It will be constructed of steel with an 8-foot passage way over the tracks. This report was sent to the public service committee for consideration with instructions to act in conjunction with the city engineer and make a report at the next meeting of council.

The street committee reported favorably on the vacation of an alley from Western Avenue to the Creek. The law committee reported favorably upon the opening of an alley in West Newark and recommended the passage of the necessary legislation.

**Mayor's Report.** Mayor Swartz's report showed heavy receipts for licenses, due to the presence of the carnival in town. The report follows.

**City Cases.**  
Fines collected ..... \$ 25  
Licenses ..... 325  
Other collections ..... 83  
Total ..... 433  
**State Cases.**  
Fines collected ..... \$ 55  
Mayor's fees ..... 48  
Officers' Fees ..... 24  
Total ..... 127

City Solicitor Jones reported on legal matters in his department. He reported the employment of Frank A. Bolton and Ray Martin as attorneys for the city to look after the city's interest in the matter of the encumbrance ground litigation. He appended to the report his letter of instructions to Messrs Bolton and Martin, which directed them to proceed in the name of the city solicitor to determine what rights the city has in the matter and to protect these rights through the courts. Mr. Jones explained in his report, that by reason of the fact that he was a small stockholder in the Country club, one of the defendants in the action, he did not believe the city's best interests would be served if he appeared in the suit, though the fact would not interfere with the strict performance of his duty to the office.

Clerk Franklin reported the service of notice on property owners for the improvement of Oakwood Avenue. City Engineer Wells reported the opening of bids for the Washington street sewer and the North street paving. The sewer bid was \$170 higher than the preliminary estimate and the North street paving job was more than \$500 higher than the estimate. The report was referred to the public service committee. Mr. Wells also reported an estimate of cost of a foot bridge over the B. & O. tracks from "Texas" to East Newark. The engineer's estimate is about \$8,000 for a steel structure 8 feet wide. The plans and report were submitted to the public service committee.

The city library trustees made the semi-annual report of the receipts and expenditures in that department. A petition from nine property owners asks for a 10-inch sanitary sewer in Ballard Avenue.

An ordinance by Mr. Payne determining to proceed with the paving of Oakwood Avenue from Main Street to McKinley Avenue was passed under suspended rules.

An ordinance by Mr. Baker, on second reading to vacate an alley from Western Avenue to Raccoon creek was withdrawn by its author.

A resolution by Mr. Muenz to appropriate property to widen the south end of Williams Street was adopted under suspended rules.

A resolution by Mr. Payne instructing the engineer to prepare

plans for a sewer in Ballard Avenue was adopted.

A resolution by Mr. Muenz declaring the city's intention of appropriating property to widen an alley in West Newark was adopted on suspension of rules.

The special committee composed of the council as a committee of the whole put the slaughter house proposition up to the board of health in a report filed with the clerk. The report recommended no action by council until requested so to do by the board of health.

## WORKED LIKE MAGIC.

Red Scaly Scalp Yields to Our Reliable Skin Remedy, Saxo Salve.

A Highland, N. Y., woman writes: Since 1901 I suffered from eczema and my skin was very tender, red and scaly, and I could find no relief until I used Saxo Salve. The first application worked like magic, in less than a week the scales were gone and now the skin is healed and smooth, thanks to Saxo Salve.

In all forms of eczema, and all other crusty or scaly humors and eruptions Saxo Salve has given astonishingly good results. The great improvement that it makes in the first few days shows plainly that you can place full trust in its curative power.

We have so much confidence in it that we give back your money if you are not satisfied with Saxo Salve. Frank D. Hall, druggist, Newark, O.

P. S. Skin troubles indicate impure, impoverished blood. Vinol is the most successful blood tonic we know. Try it on our guarantee.

## The Family Cough Medicine.

In every home there should be a bottle of Dr. King's New Discovery, ready for immediate use when any member of the family contracts a cold or a cough. Prompt use will stop the spread of sickness. S. A. Stid, of Mason, Mich., writes: "My whole family depends upon Dr. King's New Discovery as the best cough and cold medicine in the world. Two 50c. bottles cured me of pneumonia." Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price, 50c. and \$1.00. All druggists. H. E. Bucklen & Co., Philadelphia or St. Louis.

## URGES FIELD SELECTION OF SEED CORN

"In the selection of ears of corn for seed," says Professor A. G. McCall of the College of Agriculture, Ohio State University, "it is important that only such ears be selected as have acquired the habit of ripening on time. Also, care should be taken not to select seed ears from plants or varieties that ripen a long time before hard frosts may be expected, for such plants and varieties will yield less corn than those which use the entire season. However the intelligent selection of seed corn in the field as maturity approaches is helpful if it takes into consideration the immediate environment, particularly the stand of plants. A plant growing in a hill with two other plants should be rated much higher for having produced an ear of a given weight than a plant growing in a hill by itself, soil conditions being the same. In other words, the selection of seed corn should be made in the field where the growing plants may be considered in connection with their environment, and plants growing under less than normal stand or extraordinary conditions of any sort should thereby be disqualified, save in exceptional cases. We want to be sure that the excellence we observe is due to something wrapped up in the seed and not to something which happened to be seed, for if we fail to make these same things happen, the excellence will disappear. A larger number of ears than are needed should be selected in the field so that later culling may leave the necessary amount of seed. It is well to leave the seed ears on the stocks until they are well matured and hardened. Plants bearing the selected ears may be marked by topping or with paint so that they may be noted and the ears saved at husking time."

## POSTMASTER KILLS BURGLAR CAUGHT ROBBING SAFE

(Associated Press Telegram) Troy, N. Y., Oct. 6.—Frank Stumpf, postmaster at Stillwater, Saratoga county, aroused at 2 o'clock this morning by the sound of an explosion in the postoffice about 100 feet east of his residence, took his rifle and fired at random through a window by the side of the safe, instantly killing an unknown man who was attempting to rob the safe. One of the burglars stationed outside the postoffice was armed with a repeating rifle and fired three shots at Stumpf, one of which just missed the postmaster. Two men then ran away from the building and made their escape. The third was found dead by the safe, a bullet having entered just behind the left ear.

## OPENS UP NOSTRILS, CLEARS HEAD, ENDS COLDS OR CATARRH AT ONCE

Instantly Relieves Swollen, Inflamed Nose, Head, Throat—You Breathe Freely—Dull Headache Goes—Nasty Discharge Stops.

Try "Ely's Cream Balm."

Get a small bottle anyway, just to try it—Apply a little in the nostrils and instantly your clogged nose and stopped-up air passages of the head will open; you will breathe freely; dullness and headache disappear. By morning the catarrh, cold-in-head or catarrhal sore throat will be gone.

End such misery now! Get the small bottle of "Ely's Cream Balm."

at any drug store. This sweet, fragrant balm dissolves by the heat of the nostrils; penetrates and heals the inflamed, swollen membrane which lines the nose, head and throat; clears the air passages; stops nasty discharge and a feeling of cleansing, soothing relief comes immediately.

Don't lay awake tonight, struggling for breath, with head stuffed; nostrils closed, hawking and blowing. Catarrh or a cold, with its running nose, foul mucous dropping into the throat, and raw dryness is distressing but truly needless.

Put your faith—just once—in "Ely's Cream Balm" and your cold or catarrh will surely disappear.

## CAST OF 500 WILL TAKE PART IN LOCAL PLAY

We all believe in helping a good cause. The King's Daughters in Newark accomplish a great good in sending out nurses to take care of the poor, furnishing supplies and medicines. To do all this requires money. To obtain this money they have planned to present a three-act musical play, "Miss Dolly Dimples," in the Auditorium, October 17 and 18 with a special matinee on Saturday afternoon.

There will be 500 people taking part in this play, all the costumes being furnished by the three Miss Mooreheads. This attraction has been staged in Pittsburg, Toledo, Lansing, Altoona, Albany and other prominent cities and has proven one of the best musical plays ever staged from a financial standpoint.

Following are the names of the people who are taking part in the chorus, "Open Your Eyes," and other names will appear from time to time:

Ruth Doughty, Blanche Smith, Dorothy Montgomery, Grace Killworth, Edith Myer, Mabelle Johnson, Gwendolin Dixon, Halma Kerr, Mildred Irwin, Helen Peck, Helen Allen, Hilda Skiles, Anna Martin, Pearl Speaks, Annette Southard, Elizabeth Lawers, Luella Deming, Ruth Hart, Mildred Gove, Jessie Singleton, Harriett Orr, Esther Montgomery, Josephine Hull, Laura Dial, Hilda Solinger, Dora Rehbeck, Alice Hadley, Faye Mealey, Relna Mayer, Esther Hartshorn, Forest Hann and Goldie Mossman.

## TEN YEARS OF PAIN RELIEF IN TWO DAYS

RHEUMA Worked Wonderfully Fast in This Obstinate Case of Rheumatism.

Ten years of hard study, conscientious experimenting in sanitarium and private practice, with the most obstinate cases of different forms of Rheumatism—Sciatica, Inflammatory, Muscular, Arthritis, Myalgia—resulted in the discovery of RHEUMA. It has since been used successfully by thousands of sufferers. RHEUMA acts quickly and brings permanent relief.

"Columbia, S. C., May 5, 1913.—I have been a great sufferer from Rheumatism for about ten years, having it in my knees, ankles and joints. Was on crutches about one-third of the time. The first of last December I commenced to take RHEUMA; in two days I laid down my crutches and have since given them away. I now believe that I am a well man; six months ago I never expected to be well again. I have taken some ENGLISH MARHUE in connection with RHEUMA. I have never spent but \$2 for RHEUMA. Yours unsolicited, J. R. Crocker, 614 Sumter street, Supt. Palmetto Fertilizer Co."

Go to Evans' Drug Store and get a bottle for 50 cents. He will return your money if you are not satisfied.

## OIL TANKS ARE STILL BURNING AT SAN DIEGO

(Associated Press Telegram) San Diego, Cal., Oct. 7.—Fire which started Sunday in the great oil tanks of the Standard Oil company, was still burning today. Two of the tanks have blown up and the police are investigating reports of loss of life. The side of the 1,200,000 gallon crude oil tank blew out and a wave of flame rolled the length of a block. At the same time a burning gasoline tank exploded, sending blazing gasoline to the bay. The Standard company's large warehouse was consumed.

## NEW BETHEL

Sunday, Sept. 12, will be observed as Rally Day at New Bethel A. M. E. church. Rev. H. J. Duckworth, pastor in charge, will deliver a special address along the line of loyalty immediately at the close of Sabbath school at 10:30 a. m. Everyone who can be requested to be present at these services.

Miss Lottie Day is assisting with the care of her aunt, Mrs. Jason Potter, north of Croton, who was seriously injured last week when she fell from her husband's automobile.

Mr. Truman Grandstaff spent Saturday and Sunday with Mr. and Mrs. L. C. Payne at Croton.

Mr. Clifford Davidson of near Galena and Miss Mae Crowell were united in marriage Wednesday evening at the home of her parents, Mr. and Mrs. W. S. Crowell.

Prof. Alonzo Knox closed a 12 weeks' engagement with his pupils at New Bethel on last Tuesday night.

Quite a number of Bethels were kept away from the Newark fair on account of inclement weather.

Mr. and Mrs. S. A. Grandstaff and daughter Letha and Mr. and Mrs. W. S. Glaze and daughter Pauline were Sunday guests of Mr. and Mrs. Paul Glaze.

Mr. J. W. Grandstaff spent Sunday with her daughter, Mrs. Charles Hoyle and family.

Born to Mr. and Mrs. Earl Downing, Sept. 26, a vigorous girl. Mrs. Downing was formerly Miss Lida Linnard.

Mr. and Mrs. L. A. Lindbary of Vans Valley spent Wednesday with her sister, Mr. and Mrs. Wm. Frank Downing Grandstaff and sister, Mrs. H. J. Debolt together with L. A. Lindbary and family of Vans Valley.

(Sunday with Mr. and Mrs. Mable Myers of New Way.

Mr. and Mrs. E. J. Franks of Johnston spent Friday night with Mrs. Frank's sister, Mrs. E. M. Lindbary and family.

Mrs. S. A. Grandstaff and daughter Letha spent Saturday with her parents, Mr. and Mrs. Levi Taitel, at Croton.

Mrs. Cora Jones and daughter, L. L. Gille of Sunbury spent Friday night and Saturday with her parents, Mr. and Mrs. W. S. Glaze.

Monday 11.00 a. m.

Tuesday 9.30 a. m.

# STARTLING CHANGE In 30 Newark Kitchens

\$1.00 WILL WORK THIS MIRACLE

IN YOUR HOME

JOIN THE HOOSIER CLUB TOMORROW

Instead of cluttered, confused kitchen tables with everything out at once and no place to put it, these women are now enjoying the delightful order brought by the Hoosier Cabinet.

They joined the Hoosier Club, paid \$1.00 and had a Hoosier delivered immediately. They now are saving miles of steps and hours of time and standing.

For the famous Hoosier not only makes work surprisingly easy, but it saves so much time that you are through before you know it.

These women are going to have plenty of time for pleasure, as do the other half million Hoosier owners.

And above all, each will be rested enough to enjoy this leisure and pleasure, as you will be, if you don't wait too long and find the last Hoosier membership taken.

## All This Comfort for \$1.00

By calling on us early tomorrow you may still be able to join the Hoosier Club we are forming.

This means that merely \$1.00 puts the Hoosier in your kitchen, making it a comfortable, easy, pleasant place to work.

The single dollar admits you to the Hoosier Club, and is applied on the price of your cabinet. We deliver at once and set up in your kitchen, all ready to use. Weekly membership dues of only \$1.00 quickly pay the balance.

The low national cash price of your Hoosier is quoted everywhere by the Hoosier Company, who supervises this entire club. You pay not a penny

extra to get your cabinet on this celebrated plan.

You are a Happy Hoosier Owner without ever missing the money.

## Only Complete Cabinet

Every modern labor-saving machine for the kitchen has been tested by the Hoosier Company to bring the Hoosier Cabinet to its present perfection. It is the only scientifically built cabinet, and the only one that is a complete kitchen machine. Every cabinet offered to Hoosier Club members is the newest model fully equipped.

## Grasp Your Opportunity

Over half of our limited allotment is sold already. All we have left will be taken by a handful of lucky women, and luck in this case means "call early."

When these few are taken we shall have to close the club simply because we have no more cabinets to offer. With 4,000 Hoosier agents all conducting Hoosier Clubs, and every one of the 4,000 clamoring for cabinets, the Hoosier Company strictly limits our allotment which is far less than we need.

You women who wait, we are afraid will delay too long, as this is your final chance this year. A few more women get these remarkable labor savers for \$1.00—and then the last club this year is closed. Be one of the fortunate few.

Head the list tomorrow morning. Our store is open at 8 o'clock.

# GLEICHAUF'S

22 WEST MAIN STREET.

## Desirable Investments in the For Sale Column

## Equipment and Service

The man or woman who patronizes a bank, whether depositing money in a savings or a checking account, appreciates prompt service. The lender provides service to the borrower, but the borrower must also provide service to the lender. It is because of its modern and efficient facilities that this bank is in a position to render you a service unequalled for promptness and reliability.

... The real Furs of all kinds in Scarfs and Muffs separately, also in sets. Fancy sets of Mole, Chinchilla, Fox, Civet Cat, Lynx, Natural Mink and Ermine, with a nice assortment of Fur Coats. Come in this week to our Fur display.

# The W. H. Mazey Company

### CONTROLLING SYMPTOMS IN DIABETES

A technical medical friend said: "You don't cure diabetes; you make them think they are better and prolong their lives for a while."

Suppose that is true and suppose Mrs. Kline of San Francisco, a niece of the late U. S. Supreme Justice Stephen J. Field, was not cured when she had gangrenous nails and was given but six months to live when she went on Fulton's Diabetic Compound sixteen years ago? Suppose that a test would still show some sugar and that she has even now to take the compound occasionally to keep well?

And suppose that a professor in one of the Universities of Virginia who was given up with Diabetes in 1889 was living at last, advised in 1912, and had been performing his duties these twenty years and over as the result of this treatment? Are there not thousands of diabetics in the United States who would be delighted to have the same experience and if they can have it don't they owe it to their families?

If you have Diabetes and are middle aged or over you owe it to yourself and family to try Fulton's Diabetic Compound before giving up. It can be had at E. D. Hall, druggist.

Ask for pamphlet or write John J. Fulton Company San Francisco, Cal.

### ELKS SECURE ORATOR FOR THE LODGE OF SORROW

Hon. Harry P. Black of Tiffin, O., has been secured by the local lodge of Elks to deliver an address at the annual Lodge of Sorrow which will be held the first Sunday in December. Mr. Black is one of the prominent attorneys of Northwestern Ohio, is a brilliant orator and the local order is fortunate in being able to secure his services.

The opening meeting of the Elks for the winter season occurs this evening and many important matters are up for consideration. Grand Exalted Ruler Frank Neighbor requests all members to be present this evening as a vote will be taken on several amendments to the constitution. Meetings will be held the first and third Tuesday of each month.

### FAIRVIEW.

Mr. and Mrs. Hugh Gardner and family of Purity were guests of Mr. and Mrs. James Dug Sunday.

Mrs. Margaret Albaugh and Albert Hartman spent Saturday with Mr. and Mrs. Emory Albaugh of Newark.

Mr. and Mrs. Albert Riley of Cincinnati were guests at the home of J. W. Edgar and family Sunday.

Mr. and Mrs. Sam Houser and son Lester of Mansfield spent part of last week at the home of Mr. and Mrs. Jacob Berger.

Miss Elith Oshiner of Purity was the guest of her sister, Mrs. Harry Hartman, last week.

Mrs. Elsworth Van Voorhis of Cleveland was the guest of Mr. and Mrs. C. H. Van Voorhis several days last week.

Miss Flora Berger received first premium at the Licking county fair at Newark with her fancy lace work.

Mr. and Mrs. Richard Reaney visited Newark friends Sunday.

Mr. and Mrs. C. G. Walker, Fred Simpson and sister Flora spent Sunday with relatives in Fredericktown.

### STRONG POINTS

Of the Buckeye State Building And Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

Sixth. Safety of books and papers. Our books, records and mortgage securities are kept in the first absolutely fire-proof business and office building in the United States. (See Fireproof Digest, New York, May, 1912; and Building Management, Chicago, January, 1913.) Also the first to be furnished with all metal furniture. No danger of fire in this building. Assets, \$5,000,000. Five per cent paid on time deposits. Write or call for booklets.

### Abe Martin Says:

Sometimes when we see a bride an' groom it's all we kin do t' keep from goin' right up t' th' bride an' askin' her why she didn't look around a little longer.

Eldorado Mine makes a fine fall garle.

A Gentle and Effective Laxative

A mild, gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. Hugh Tullman, of San Antonio, Tex., writes: "They are beyond question, the best pills my wife and I have ever taken. They never cause pain." Price 25c at druggists, or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

Before embracing an opportunity it's a good plan to find out who has been embracing it before.

### STRONG POINTS

Of the Buckeye State Building And Loan Company, Rankin Building, 22 West Gay Street, Columbus, Ohio.

Sixth. Safety of books and papers. Our books, records and mortgage securities are kept in the first absolutely fire-proof business and office building in the United States. (See Fireproof Digest, New York, May, 1912; and Building Management, Chicago, January, 1913.) Also the first to be furnished with all metal furniture. No danger of fire in this building. Assets, \$5,000,000. Five per cent paid on time deposits. Write or call for booklets.

### Abe Martin Says:

Sometimes when we see a bride an' groom it's all we kin do t' keep from goin' right up t' th' bride an' askin' her why she didn't look around a little longer.

Eldorado Mine makes a fine fall garle.

A Gentle and Effective Laxative

A mild, gentle and effective laxative is what people demand when suffering from constipation. Thousands swear by Dr. King's New Life Pills. Hugh Tullman, of San Antonio, Tex., writes: "They are beyond question, the best pills my wife and I have ever taken. They never cause pain." Price 25c at druggists, or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.

Before embracing an opportunity it's a good plan to find out who has been embracing it before.

## EMPHASISING SUIT LEADERSHIP VALUES

### For Women & Misses

# At \$15.00

THESE \$15.00 tailored suits of ours for women and misses fully and completely emphasize our leadership in women's, misses' and children's Ready-to-Wear garments. First Church of Christ, Scientist, of this city, announces a free lecture on Christian Science, by Dr. Francis J. Fluno, C. S. D., of Oakland, California, member of the Board of Lectureship of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, and cordially invites the public to be present, at High School Auditorium, Thursday evening, October 9th at 8:15 o'clock.

## Theatres

**Cabaret Singer at Auditorium.**

The Auditorium will have a new addition to their already well known show for the three days starting tonight by the appearance of Miss Hazel Watson a well known cabaret singer who will appear in each performance and render the latest songs of the day and the management feel as if this introduction will meet with the warmest approval and this is in addition to the regular five-reel moving picture program of which the comedy drama of New York life, "The Daughters of the House," will be the feature. If you miss the Auditorium shows you will miss one grand treat.

**"Uncle Tom's Cabin."**

If all the good things said of Kibbe and Martin's "Uncle Tom's Cabin" company by the press of other cities are true, and we have no

Church Bells Chime. "This is Dixie-Roses Bloom in Dixie Land," "Down Dixie-Roses Bloom in Dixie Land," "Down in Arkansas" and several others. The Honey Boy is also the author of his final skit each year and for his new program he has supplied "The Blackville Balloons," a satire on aviation in which he is seen as "Swatzie Jones," the little-known-about darkey who cannot keep out of trouble.

**Howe's Pictures.**

The merits of Lyman H. Howe's Travel Festival which comes to the Auditorium Thursday, October 16, are so well established that it is not too much to say that only by means of it can the great majority, who cannot afford the time and expense of travel, realize the pleasures and reap the advantages that are to be derived from visits to foreign climes where activities, industries, customs differ so widely from ours. In fact to one who wishes to be well informed and keep abreast with the world's progress, can afford to miss Howe's Travel Festival. The new program he will present here, represents more than ever the combined efforts of Mr. Howe's staff of photographers who are forever and incessantly roaming up and down this old world of ours in order to chronicle whatever incites interest, wonder and amusement. Their vocation is as strange as it is modern. It requires rare judgment, steady nerve in moments of danger and a fine sense of discrimination. It is fully as important for them to determine what not to cinematograph what to. And in distinguishing the ordinary from the extraordinary, Howe's photographers are constantly governed not by their own tastes, likes and dislikes, or by personal bias or prejudice in any sense. They are influenced solely by a sure knowledge of what
